

ANNUAL REPORT

OF THE

COMPTROLLER OF THE CURRENCY

TO THE

SECOND SESSION OF THE FORTY-SIXTH CONGRESS

OF THE

UNITED STATES.

DECEMBER 1, 1879.

REPORT
OF
THE COMPTROLLER OF THE CURRENCY.

TREASURY DEPARTMENT,
OFFICE OF THE COMPTROLLER OF THE CURRENCY,
Washington, November 26, 1879.

I have the honor to submit for the consideration of Congress, the Seventeenth Annual Report of the Comptroller of the Currency, in compliance with section three hundred and thirty-three of the Revised Statutes of the United States.

The total number of national banks organized, from the establishment of the national-banking system, February 25, 1863, to November 1 of the present year, is 2,438. Of these, 307 have gone into voluntary liquidation by the vote of shareholders owning two-thirds of their respective capitals, and 81 have been placed in the hands of receivers for the purpose of closing up their affairs, leaving 2,050 in operation at the date last named.

Included in the aggregate number organized are ten national gold banks, seven of which, still in operation, are located in the State of California. These banks redeem their circulating-notes in gold coin in the city of San Francisco and at their own counters. They have an aggregate capital of \$4,000,000, and a total circulation of \$1,534,000, but are entitled to receive circulating-notes in amount equal to 80 per cent. of their capital, upon the deposit with the United States Treasurer of the requisite amount of bonds as security therefor. Within the past year one of this class of banks has gone into voluntary liquidation and reorganized as an ordinary national bank, receiving circulating-notes at the rate of 90 per cent. of its capital, and redeeming them at the Treasury Department and at its own counter; and it is probable that the others will also reorganize so soon as the necessary legislative authority shall be obtained to enable them to do so without first going into liquidation.

A bill passed the House of Representatives during a previous session, amending the present law, and authorizing the national gold banks to receive circulating notes in amount equal to 90 per cent. of their capital; and also requiring such banks to keep on deposit, in gold coin, with the Assistant Treasurer of the United States in San Francisco, an amount equal to 5 per cent. of their circulation, instead of keeping 25 per cent. of the same on hand, as is now required by law. The passage

of an act similar in terms, and also of one authorizing the conversion of national gold banks into currency banks, is recommended.

Since my last annual report thirty-eight banks have been organized with an aggregate authorized capital of \$3,593,000, to which \$2,390,440 in circulating notes have been issued. Thirty-eight banks, with an aggregate capital of \$4,450,000, have voluntarily discontinued business within the same period, and eight banks, having a total capital of \$1,030,000, have failed. The insolvent banks include two, with a capital of \$700,000, which failed after having previously gone into voluntary liquidation.

The following table exhibits the resources and liabilities of the banks on the 2d day of October, 1879, the returns from New York City, from Boston, Philadelphia, and Baltimore, from the other reserve cities, and from the remaining banks of the country being tabulated separately:

Section 333 of the Revised Statutes of the United States requires the Comptroller to present annually to Congress a statement of the condition of the banks and savings-banks organized under State laws. Returns of capital and deposits are made by these institutions and by private bankers, semi-annually, to the Commissioner of Internal Revenue for purposes of taxation. From these returns the following table has been compiled in this Office, exhibiting, in concise form, by geographical divisions, the total average capital and deposits of all the State and savings banks and private bankers of the country, for the six months ending May 31, 1879:

The capital of the 2,048 national banks in operation on June 14, 1879, as will be seen by a subsequent table, was \$455,244,415—not including surplus, which amounted at that date to more than \$114,000,000—while

VI REPORT OF THE COMPTROLLER OF THE CURRENCY.

the average capital of all the State banks, private bankers, and savings-banks, for the six months ending May 31 previous, was but \$201,241,484, which amount is considerably less than one-half that of the national banks. The net deposits of the national banks were \$713,403,639, and the average deposits of all other banks, including savings-banks, were \$1,180,122,835. The average deposits for the same period of the 644 savings-banks having no capital stock, which are included in the above aggregate, were \$747,062,057.

The table below exhibits the aggregate average capital and deposits for the six months ending May 31, 1879, of all classes of banks other than national, and the capital and deposits of the national banks on June 14, following :

From this table it will be seen that the total number of banks and bankers in the country at the dates named was 6,360, with a total banking capital of \$656,485,899, and total deposits of \$1,893,526,474. In the appendix will be found tables showing by geographical divisions the number, average capital, and deposits, of State and savings-banks, and private bankers, for various periods from 1875 to 1878, and there will also be found other tables giving the assets and liabilities of State institutions during the past year, so far as they could be obtained from the official reports of the several State officers.

A table arranged by States and principal cities, giving the number, capital and deposits, and the tax thereon, of all banking institutions other than national, for the six months ending May 31, 1879, will be found on a subsequent page. Similar tables for previous years will be found in the appendix.

The following table exhibits, for corresponding dates in each of the last four years, the aggregate amounts of the capital and deposits of each of the classes of banks given in the foregoing tables :

The aggregate capital of the various classes of banks shown by the foregoing table has diminished from \$719,400,000 in 1876 to \$656,500,000 in 1879, and the aggregate deposits have fallen off from \$2,075,300,000 in 1876, to \$1,893,500,000 in 1879—a reduction of \$62,900,000 in capital and \$181,800,000 in deposits during the last four years. The national banking capital has diminished \$45,100,000, but the deposits of the national banks are almost precisely the same that they were in 1876. Savings-banks with capital show a reduction of about one million in capital and the same amount in deposits. The capital and deposits of State banks and private bankers are less by seventeen millions and eighty-three millions, respectively. The greatest reduction, however, is in the deposits of savings-banks without capital, which have diminished \$97,500,000.

THE NATIONAL BANKS AND THE REFUNDING OF THE PUBLIC DEBT.

The great war debt of the United States was contracted in less than four and a half years. In 1835 the country was entirely out of debt, and on January 1, 1861, the whole debt of the Union amounted to but \$66,243,721. During the next six months it increased at the rate of about four millions a month, being, on the first day of July, 1861, \$90,580,873. During the next year it increased at the rate of more than thirty-six millions per month, and at the close of the fiscal year ending June 30, 1862, it had reached \$524,176,412. At the end of the succeeding year it was considerably more than twice that amount, being on July 1, 1863, \$1,119,772,138. During the following year it increased nearly seven hundred millions, reaching on July 1, 1864, the sum of \$1,815,784,370. During the next nine months, to the close of the war, April 1, 1865, the debt increased at the rate of about two millions a day, or sixty millions a month, and for the five months next thereafter, at the rate of about three millions a day, or ninety millions a month, reaching its maximum on August 31, 1865*, at which date it amounted to \$2,845,907,626,† and was composed of the following items:

This table shows an aggregate of more than one thousand two hundred and seventy-five millions of temporary obligations of the govern-

* Report of Secretary McCulloch, 1867, p. iv; 1868, p. xli.

† Less cash in the Treasury, \$88,218,055.

‡ This item includes \$1,253,000 of bonds issued to Pacific railroads.

ment, of which eight hundred and thirty millions bore interest at 7.30 per cent. annually.*

This immense amount of temporary obligations was funded within the three years which followed the close of the war; and the skill and good judgment displayed in so doing can only be fully appreciated by those who are familiar with the difficulties and delicate conditions under which the work was accomplished.

The temporary loans, certificates of indebtedness, seven-thirty notes, and all the other items of the debt—except the legal-tender notes and fractional currency, which have been largely reduced—have either been paid, have matured and ceased to bear interest, or have been funded into five-twenty six per cents, of which more than one thousand six hundred millions (\$1,602,698,950) were issued.

The acts of July 14, 1870, and January 20, 1871, authorized the issue of bonds for the purpose of refunding the five-twenty six per cents. The former act authorized the issue of fifteen hundred millions in bonds, two hundred millions of which were to be five per cents payable ten years after date, at the pleasure of the United States, three hundred millions of four and a half per cents payable in fifteen years, and one thousand millions payable in thirty years from the date of their issue, and bearing interest at the rate of four per cent. per annum. The act provided that these bonds should not be sold for less than their par value in coin, and that the proceeds should be applied to the redemption of the five-twenty bonds. The latter act increased the amount of the five per cent. bonds to five hundred millions, but provided that the whole amount of bonds issued should not exceed the amount originally authorized; and the subsequent act of January 25, 1879, authorized the refunding or exchanging of any other of the five or six per cent. bonds which were redeemable at the pleasure of the government.

The whole amount of the funded debt on the first of January, 1871, was \$1,935,342,700, of which \$1,437,097,300 consisted of five-twenty six per cent. bonds, and \$194,567,300 of ten-forty five per cent. bonds. On the first day of August, 1871, nearly sixty-six millions (\$65,775,550) of new five per cent. bonds had been subscribed for, chiefly by the national banks. During the same month an agreement was entered into by the Secretary with Jay Cooke & Co.† for the sale of the remaining two hundred millions of said bonds, and in the month of January, 1873, similar arrangements were made for the sale of a large additional amount.‡ The remainder of the five hundred millions (\$178,548,300) was sold during the next three years, the Secretary of the Treasury stating in his report of December 6, 1875,§ that he had “the pleasure of announcing to Congress that the funding of five hundred millions six per cent. bonds into those bearing five per cent. interest has been accomplished.”

On August 24, 1876, a new contract was made by the Secretary with A. Belmont & Co. and associates,|| for the sale of the three hundred millions of four and a half per cent. bonds authorized. In this contract the Secretary reserved the right to terminate it by giving ten days' notice to the contractors, and under the contract calls were made prior to March 4, 1877, for the redemption of one hundred millions of six per cents. In May, 1877, the present Secretary, availing himself of the privilege secured in the contract, gave notice that he would limit the sale of four

and a half per cents to two hundred millions; and additional subscriptions were rapidly made until that amount was taken. The avails of one hundred and eighty-five millions of these bonds were applied to the redemption of five-twenties, the remaining fifteen millions being held for resumption purposes. On the 9th of June, 1877, a contract was made with a syndicate for the sale, at par, in coin, of the four per cent. bonds authorized to be issued by the refunding act, with the right to terminate the contract at any time after December 31, 1877, by giving ten days' notice to the contracting parties.* In 1877 seventy-five millions of the four per cents were sold, and in 1878 more than one hundred and twenty-eight millions (\$128,685,450). During the first four months of 1879 \$497,247,750 additional fours were disposed of, of which more than one hundred and forty-nine millions were sold at a premium of one-half of one per cent. Of this amount, one hundred and twenty-one millions were taken by the First National Bank of New York and associates, and the remainder by other national banks. These, with the sales of forty millions of refunding certificates, completed the refunding of all the bonds of the United States which were redeemable.

The sales of United States bonds since 1871, under the refunding acts, have been five hundred millions of fives, one hundred and eighty-five millions of four-and-a-halves, and \$710,345,950 of four per cents; in all, more than one thousand three hundred and ninety-five millions of dollars. There have also been sold for resumption purposes, since March 1, 1877, under the authority of the resumption act of January 14, 1875, twenty-five millions of fours, and sixty-five millions of four and a half per cents; fifty millions of the latter being at a premium of one and a half per cent.

The reduction on the interest-bearing debt of the United States, from its highest point, on August 31, 1865, to November 1, 1879, is \$583,886,594, of which amount \$105,160,900 has been effected since the refunding operations were commenced on May 1, 1871.

At its highest point the annual interest on the debt was \$150,977,697, while it is now \$83,773,778 only. There has, therefore, been a total reduction in this charge of \$67,203,919 annually.

The total annual reduction of interest under these refunding operations, accomplished since March 1, 1877, is \$14,290,416, while the saving on this account growing out of the operations of the present year alone, is nearly nine millions (\$8,803,707), and the total annual saving in all the refunding operations of the government since 1871 is nearly twenty millions (\$19,900,846). These funding transactions are believed to be without parallel in financial history.

The public debt of England in January, 1793, amounted to \$1,191,145,000. At that date began the great expenditures caused by the wars of the French revolution and of Napoleon, extending from 1793 to 1816. Between these dates stock and annuities to the amount of \$3,881,000,000 were placed on the market at rates of interest varying from 3 to 5 per cent. The average rate of discount at which the stock was sold was 33 per cent., and the average rate of interest paid on the money actually raised by the sale was 5.15 per cent.

After a long interval of peace, the Irish famine in 1847, and the Crimean war and Indian mutiny, from 1854 to 1856, caused other additions to the public debt. In the years 1847, 1855, and 1856, three per cent. interest-bearing stock, to the amount of one hundred and seventy

The three great Fench loans in 1870, 1871 and 1872, of nearly fifteen hundred and ninety-two millions of dollars, realized twelve hundred and seventy-three millions of dollars only. The first loan was at the rate of 3 per cent., and realized to investors nearly 5 per cent., while the two

In 1793 the total funded and floating debt of Great Britain was \$1,239,372,170, the interest on which, at the several rates of 3, 3½, 4, and 5 per cent., amounted annually to \$48,556,190. In 1817 the total debt, including exchequer bills, had reached the sum of \$4,196,910,725, carrying an annual interest of \$157,959,635. In 1857 the amount of the funded debt, exchequer bills and exchequer bonds, was \$4,040,543,610, the annual interest upon which was \$142,750,195. The total debt had diminished in 1875 to \$3,876,741,930, with an annual charge for interest and cost of management of \$135,472,400; while in 1878 there appeared a slight increase, the amount of the debt being then \$3,888,907,980, with interest and cost of management equaling \$142,063,756.

subsequent and larger loans were sold at 82.5 and 84.5 per cent., which was about equivalent to 6 per cent. bonds at par.*

The following table exhibits the classification of the unmatured, interest-bearing bonded debt of the United States on August 31, 1865, when it reached its maximum, and on the first day of July annually

It appears from official documents that the national debt of Great Britain, with its interest and cost of management, stood, at the dates named below, as follows:

Year.	Principal.	Interest and cost of management.	Authorities.
1775	£126,842,811	£4,703,519	House of Commons document, 1858.

Many of the loans which the debt comprised were what are known as perpetual loans and annuities, some of which, as well as previous loans, which then bore interest at the rates of 5 and 4 per cent., were, during the twenty-three years from 1822 to 1844, inclusive, refunded from time to time into stocks bearing interest at the rate of 4, 3½, 3¼, and 3 per cent. During this period the principal of the debt was reduced \$5,251,900 only, but the annual saving to the government through refunding at lower rates of interest was \$15,259,000.

The refunding operations were continued subsequent to 1844, until in 1854 there remained no stocks bearing a greater interest than 3 per cent., except the new 3½ per cents, which were in 1855 also reduced to threes. In this process nothing was added to the principal of the debt. This information is obtained from the standard authorities above referred to.

It is here worthy of remark that the consols, standing in 1853 at £500,000,000, constituted at that time 65 per cent. of the entire national debt. This 3 per cent. stock cannot under the conditions of its issue be redeemed by the government without giving to its holders a full year's notice of payment. It is well understood, however, that the government cannot with prudence or safety venture upon the bold policy to which the giving of such a notice would commit it, thereby assuming all the risks incident to a change of circumstances in the interval between notice and time of payment. See Sir Stafford Northcote's "Twenty Years of Financial Policy," p. 222.

The reserved option of redemption in the terms of the great war-loans of the United States is of much greater value to our government than is the virtual perpetuity of the British consols to the government of Great Britain; for through this option the Treasury has been enabled to refund the outstanding bonds of the United States at the present low current rate of interest, and this on notice so brief that no risk whatever was incurred thereby, while the British exchequer is in effect prevented from availing itself of any decline in the rates of interest, but must continue to pay 3 per cent. upon its enormous amount of debt, though it might otherwise refund or borrow money for its redemption, at a greatly reduced rate.

The resulting savings arising out of that provision in our loans which authorizes the anticipation of the time of their redemption may eventually wholly offset the excess in the rate of interest paid upon them over that paid on the British consols, which excess is now, as to the greater part of our loans, but 1 per cent. annually.

The refunding of the national debt commenced in 1871, at which time the national banks held nearly four hundred millions of the five and six per cent. bonds; and from that date to the present time they have held more than one-fifth of the interest-bearing debt of the United States. A large portion of the bonds held by them in 1871 bore interest at the rate of 6 per cent. This class of bonds has since been greatly reduced, and is now less than one-sixth of all the bonds pledged for circulation, while more than one-third of the amount consists of bonds bearing interest at 4 per cent. This will be seen from the following table, which exhibits the amounts and classes of bonds owned by the banks, including those pledged as security for circulation and for public deposits, on the first day of July of each year, since 1865, and upon November 1 of the present year :

It is certain that if the national banking system had not existed, and United States notes had alone been issued, the refunding operations here described and the consequent large reduction of interest upon the public debt would not have been possible.

The Secretary of the Treasury, in his report for 1862, said that among the advantages which would arise from the establishment of a national banking system would be the fact that the bonds of the government would be required for banking purposes; a steady market would be

established, and their negotiation greatly facilitated; a uniformity of price for the bonds would be maintained at a rate above that of funds of equal credit, but not available as security for circulation. "It is not easy to appreciate the full benefits of such conditions to a government obliged to borrow;" it will "reconcile, as far as practicable, the interests of existing institutions with those of the whole people;" and will supply "a firm anchorage to the union of the States."

There is no doubt that these expectations have been more than realized, and that the credit of the United States and its ability to borrow money at low rates of interest have been greatly enhanced by placing its bonds in large amounts in the possession of the leading monetary institutions of nearly every city and village in the Union.

The wisdom of Secretary Chase, and of others who, in 1862, advocated the establishment of a national banking system, was long since recognized by those who understood the principles which should govern a sound system of currency and banking; but, in the light of the extraordinary financial operations of the government during the present year, the wisdom and the economy of the system, both for the government and the people, are now more apparent than ever.

The government has still outstanding \$273,631,350 in six per cents, and \$508,440,350 in five per cents, all of which will mature in 1881. The refunding of these bonds into four per cents will save \$10,558,030 in interest annually. The credit of the government is now such that it is not improbable that long before the maturity of the fours the present debt may be refunded into three and a half per cent. bonds, which is one-half of one per cent. more than the rate of the English consols, thereby saving a large additional amount of interest.

RESUMPTION OF COIN PAYMENTS.

The act of January 14, 1875, required the Secretary of the Treasury, on and after January 1, 1879, to redeem "in coin the United States legal-tender notes then outstanding, on their presentation for redemption at the office of the assistant treasurer of the United States in the city of New York, in sums of not less than fifty dollars." At the time of the passage of this act the leading industries and general business of the country were greatly depressed. The agricultural classes were largely in debt, and the failures of mercantile establishments and manufacturing corporations in the three years previous represented more than \$500,000,000. During the succeeding years an era of economy supervened, agricultural products greatly increased,* and the balance of trade was turned largely in our favor—the excess of exports over imports for the fiscal year 1876 being more than seventy-nine millions, in 1877 more than one hundred and fifty one millions, in 1878 exceeding two hundred and fifty-seven millions, and for the year ending September 30 last more than two hundred and ninety-four millions. For 1878 the excess was, it will be seen, more than three times as great as that of 1876, and more than two-thirds greater than that of 1877.†

* The Department of Agriculture estimates the product of corn in 1878 at 1,338 millions bushels; wheat, 420 millions; oats, 414 millions; barley, 42 millions; rye, 26 millions; cotton, 2,347 millions pounds; tobacco, 393 millions pounds. The estimates for 1879 are: Corn, 1,601 millions bushels; wheat, 449 millions; oats, 364 millions; barley, 40 millions; rye, 24 millions; cotton, 2,217 millions pounds; tobacco, 384 millions pounds.

† Excess of exports in fiscal year 1876, \$79,643,481; in 1877, \$151,152,094; in 1878, \$257,814,234; during the calendar year 1878, \$305,273,530; and during the fiscal year 1879, \$264,661,663.

XIV REPORT OF THE COMPTROLLER OF THE CURRENCY.

The resumption act not only fixed the day of resumption, but authorized the Secretary, in order to prepare and provide therefor, to use any surplus revenues not otherwise appropriated, and to issue, sell, and dispose of, at not less than par in coin, any of the bonds of the United States described in the act of July 14, 1870. Under this act, the Secretary in 1877 sold at par in coin fifteen millions of four-and-a-half and twenty-five millions of fours; and in April, 1878, he sold fifty millions of four and a half per cents at a premium of one and a half per cent. The coin in the Treasury continually increased, so that on the day of resumption the Secretary held one hundred and thirty-five millions (\$135,382,639) of gold coin and bullion, and, in addition, over thirty-two millions (\$32,476,095) in silver coin and bullion, the gold coin alone being nearly equal to forty per cent. of the United States notes then outstanding.

The banks in the cities of New York and Boston strengthened the hands of the government by their action in October, 1878, an account of which will be found in my report for that year. The assistant treasurer of the United States at New York became a member of the clearing-house, thus facilitating the business of the banks with the government, and the banks agreed to receive United States notes, not only for their ordinary balances, but in payment of the interest upon the public debt and of other coin obligations of the government. The banks of the country at the date of resumption held more than one-third of the outstanding Treasury notes; but they had so much confidence in the ability of the Secretary to maintain resumption that none were presented by them for redemption. The people also, who held more than three hundred millions of the issues of the national banks, which issues were based upon the bonds of the nation, preferred such notes to coin itself. There was, therefore, no demand for payment of the notes of the government, and the gold coin in the Treasury, which amounted to one hundred and thirty-five millions on the day of resumption, increased more than thirty-six millions in the next ten months, the amount held on the first day of November, 1879, exceeding one hundred and seventy-one millions.

The Comptroller has for a series of years presented in his reports the following table, showing the amount of Treasury notes and of national-bank notes outstanding at the dates named therein, with the currency price of gold and the gold price of currency at the same dates:

On July 1, 1864, one hundred dollars in gold was worth \$250 in Treasury notes; on August 31, 1865, the day when the public debt was at its maximum, it was worth more than \$144; and on January 1, 1870, \$120; since which time the Treasury notes and the national-bank notes have gradually increased in value, until the beginning of the present year, when they each reached the same purchasing power as gold coin. This may be seen by the following table, which gives the average value of the standard gold dollar, in legal-tender paper dollars, during the month of July in each year, from 1864 to 1878, and also on January 1 of the present year:

During the last ten years the average amount of coin held in the Treasury has been about ninety millions, while the average amount held in the reserves of the banks, which was largely composed of special deposits and subject to special check of the depositor, was about twenty-five millions. During this whole period gold coin has been used by the banks as a reserve in comparatively small amounts, and by the people only in the payment of customs duties and in the purchase of foreign exchange. If it was used for other home purposes, it was first converted into paper money; but since the day of resumption the Treasury note and the national-bank note have been generally preferred in business transactions to coin itself.

The old forms of tables, giving the amount and kinds of currency in circulation, are now obsolete, and must be superseded by new ones, which shall include not only the paper currency but also the coin of the country. The total amount of the circulating medium cannot, for this reason, be hereafter accurately given, such total being affected by estimates of the amount of coin in the country. The latter amount is estimated by the Director of the Mint to have been four hundred and twenty-seven millions on the first day of November in this year, of which amount one hundred and twenty-one millions was in silver coin. If this estimate is correct, the circulating medium on that date was composed as follows:

Treasury notes outstanding.....	\$346, 681, 016
National bank notes outstanding.....	337, 181, 418
Gold in the Treasury, less certificates held by the banks.....	157, 960, 193
Silver in the Treasury.....	50, 078, 620
Coin in the banks (October 2).....	42, 173, 731
Estimated amount of coin held by the people.....	231, 478, 515
Total.....	1, 165, 553, 493

The estimated total currency of the country on November 1 thus appears to have been more than eleven hundred and sixty-five millions, which amount is at least three hundred and eighty millions in excess.

of the highest point reached between the suspension and the resumption of specie payment.

It was generally supposed that upon the day of resumption the amount of available currency would be immediately increased by the addition to its volume of the coin of the country; but it is now evident that this expectation has not been realized. The Treasury owns nearly one hundred and fifty-eight millions of gold coin and bullion, a large portion of which is a basis for the redemption of the Treasury notes outstanding, and fifty millions of standard silver dollars and subsidiary coinage, none of which can properly be included in the aggregate circulation. The average gold coin held by the national banks as a reserve during the three years ending January 1, 1879, was about thirty millions. The coin upon the Pacific coast, in the State of Texas, and in the mountain districts of the country, amounting to say forty millions, as well as the subsidiary silver coin outstanding, amounting to thirty millions, had been continually in circulation previous to the present year. Deducting these amounts from the total, there would remain but about one hundred and twenty millions of currency in excess of previous years. Of this excess a large amount has probably been for many years hoarded by the people—now estimated to number forty-nine millions—and, if so, does not enter into circulation in any greater degree than before resumption. The hoarders of coin and of small savings are a timid class, who do not easily part with their treasure. The amount of coin and currency in actual circulation at the present time may not therefore be greatly in excess of the average amount during the last five years.

It is probable that at no time since the date of suspension has so large an amount of currency been needed for the legitimate purposes of business as during the present year. The harvests have been unprecedentedly large, while the value of agricultural products, owing to the short crops of other nations and the consequent demand for our products abroad, has greatly increased. There has also been a rise in wages, in the value of manufactured goods, in provisions, and in the prices of iron and other commodities.

If this statement is correct, it will explain the scarcity of currency in the city of New York during the last three months, and the consequent demand for additional issues; the amount of national-bank notes issued from September 1 to November 26, being nine millions, which is more than the increase for the ten months preceding. It will also explain why the banks in New York City have grudgingly presented for payment their legal-tender certificates, and have been obliged to designate one of their number as a depository for gold, on which Clearing-House certificates are issued and used in settling their exchanges.

Notwithstanding the large increase of specie in the country during the past year, the amount held by the banks has by no means increased in proportion. The amount held on October 1, 1878, was \$30,688,606; on the 1st day of January, 1879, \$41,499,757; and on the 2d of October last, \$42,173,732—showing an increase on that day of less than seven hundred thousand dollars since the date of resumption. The more recent returns, however, of the national banks in the city of New York to the clearing-house, show a further increase of \$27,633,032 of specie, and a loss in legal-tender notes of \$16,578,284, for the week ending November 22. The amount of cash reserve now required to be held by all of the banks is less than ninety-four millions, as will be seen by the following table, which gives the amount held and required for the banks in the city

From this statement it will be seen that the banks outside of the large cities held, on October 2, \$11,474,961 of specie, which nearly equals three-fourths of the full amount of cash reserve which they are required to hold, while the banks in New York and in the other principal cities held in specie considerably less than one-half of their legal cash reserve.

The Comptroller urgently recommends that all the national banks shall take advantage of the present influx of gold to accumulate in their vaults an amount equal to the total cash reserve required by law. He indulges the hope that the reports of another year may show them to be possessed of at least \$100,000,000 of gold coin. If this coin, which is still flowing into the Treasury, shall also be largely accumulated by the banks, it will be more likely to become diffused among the people. This would certainly be the case if the smaller denominations of notes were withdrawn from circulation, which might perhaps be done without inconvenience if postal-orders were issued in small amounts and at a minimum cost at every post-office.

The addition of coin to the circulation should have the effect to reduce the amount of paper money if in excess of the wants of business, and to send homeward for redemption the legal-tender and national-bank notes. If the legal-tender notes accumulate in the Treasury, they cannot again be issued except upon requisitions of the govern-

ment; and the accumulation of such notes has a tendency to induce extravagant appropriations and expenditures by Congress. The law, as it now stands, requires that the Secretary shall keep in circulation the legal-tender notes, which is not practicable; and their accumulation by him will lead to constant agitation of the subject in Congress and among the people, which discussions will encourage speculation and disturb the current of legitimate business. With the influx of specie it is important that such a paper currency shall be in circulation as can be easily retired, if in excess. A currency is needed which will act automatically and as a regulator, like the governor in machinery or the balance-wheel in the chronometer. The best currency is that which will most readily adapt itself to the needs of business, and its relative cost should not be taken into consideration; for the best money is always the cheapest in the end. This principle was recognized by those who reluctantly recommended and voted for the legislation which authorized the issue of Treasury notes as a temporary measure; and a review of the debates in Congress, while that measure was pending before it, will show that the principal objection to the bill was acknowledged, both by those who favored and those who opposed its passage, to be that the government circulating note did not have the chief attributes of a perfect currency, and that its issue would tend to disturb values, and thus derange the commerce and business of the country. "The Treasury note represents no business capital, and its volume is controlled, not by the demands of business and the wants of the country, but by the views and action of political parties, and of Congress. The national-bank note, on the other hand, is based upon eight hundred and thirty millions of bills receivable, and an equally large amount of other assets, a large proportion of which is readily convertible into money. The deposits and balances of the banks amount to more than six hundred millions, and their circulating notes are promptly redeemed, with but little expense to the holders, through the use of their assets, which represent their capital, surplus, and deposits. If more notes are issued to the banks than are necessary for the requirements of business, they can be easily retired. If a larger amount is desired, they can be readily obtained upon application in the manner provided by law."*

The Comptroller cannot too urgently ask the attention of Congress to the following views of Secretary Chase, as submitted by him in his annual report for 1862, just previous to the passage of the national-bank act:

"The recommendations, now submitted, of the limited issue of United States notes as a wise expedient for the present time, and as an occasional expedient in future times, and of the organization of banking associations to supply circulation secured by national bonds and convertible always into United States notes, and, after resumption of specie payments, into coin, are prompted by no favor to excessive issues of any description of credit moneys.

"On the contrary, it is the Secretary's firm belief that by no other path can the resumption of specie payments be so surely reached and so certainly maintained. United States notes, receivable for bonds bearing a secure specie interest, are next best to notes convertible into coin. The circulation of banking associations organized under a general act of Congress, secured by such bonds, can be most surely and safely maintained at the point of certain convertibility into coin. If temporarily these associations redeem their issues with United States

* Comptroller's report for 1878, p. 22.

notes, resumption of specie payments will not thereby be delayed or endangered, but hastened and secured; for just as soon as victory shall restore peace, the ample revenue, already secured by wise legislation, will enable the government, through advantageous purchases of specie, to replace at once large amounts, and, at no distant day, the whole of this circulation, by coin, without detriment to any interest, but, on the contrary, with great and manifest benefit to all interests.

“The Secretary recommends, therefore, no mere paper-money scheme, but, on the contrary, *a series of measures, looking to a safe and gradual return to gold and silver as the only permanent basis, standard, and measure of values recognized by the Constitution.*”

“No country possesses the true elements of a higher credit; no country, in ordinary times, can maintain a higher standard of currency and payment than the United States.”

Resumption has made the dollar of the same value at home and abroad. The refunding of the debt has placed idle funds in the hands of such holders as have declined to reinvest in the four per cents. The good harvests, the shipment of produce, the large annual production of gold and silver from the mines, and the importation of gold, which still continues, will certainly make money abundant, and have already stimulated speculation to an unhealthy degree, and will be likely to do so in the future. Not long hence the specie which has so long been hoarded, or which has hitherto been used only in payment to the government of duties on imports or in the purchase of foreign exchange, will be brought into general use. The effect of the present increasing and prospective redundancy of the currency* is manifest in the transactions of the stock board during the last three months, which are said to be the largest on record, one-fourth of which are estimated to have been based upon stocks which pay no dividends. The increase in the market value of many classes of bonds which have heretofore been considered almost worthless has brought upon the market a flood of shares of mining and other corporations, many of them fictitious. The necessaries of life, as well as articles of luxury, have sympathized in the upward movement, and their prices, if not already too high, are likely soon to rise beyond a reasonable limit.

The influx and accumulation of a large amount of specie may thus result in injury instead of benefit. The payment by the French nation to Germany of five thousand millions of francs brought about an unhealthy rise of prices and deranged the business of the German Empire, while France, notwithstanding the prompt liquidation of its enormous obligation, speedily recovered its wonted prosperity. In England, also, immediately after resumption, a similar financial revulsion was experienced. Leone Levi, in a late address,† refers to this subject as follows:

“Soon after the war ended, the Bank of England was ready to resume cash payments, and, with an increasing demand for produce and manufactures, commerce immediately revived. For a time the alternation of revival and depression continued; but from 1820 to 1824 trade was in a prosperous condition; the crops were abundant, and with an addition in the amount of bullion in the Bank of England, from £1,746,000

* The total amount of specie imported from January 1, 1879, to November 15, is \$75,512,392, of which \$65,124,200 has arrived since August 1. The production of precious metals for the fiscal year 1879 is estimated by the Director of the Mint at \$79,711,990, of which \$38,899,858 is gold and \$40,812,132 is silver.

† Lecture on Commercial Crises, delivered at King's College, London, by Professor Leone Levi, Bankers' Magazine, New York, vol. xiii, p. 43.

in February, in 1820, to £6,092,000 in February, 1824, and a large addition to its deposits of from £5,000,000 in 1820, to £11,000,000 in 1824, speculation began to set in in earnest. Other circumstances contributed to this end. Government came forward in 1823 with a measure for the reduction of the rate of interest from five to four per cent. upon consols to the amount of £135,000,000, and in 1824 for the reduction of four to three per cent. on £80,000,000. The acknowledgment of the South American Republic introduced a new kind of commerce in loans and mining in foreign countries. A large number of companies were started for railroads, mining, canals, insurance, banking, gas, &c., six hundred and twenty-four in number, requiring a nominal capital of £372,000,000, for which, however, no more than £17,600,000 were actually advanced; and prices of all commodities, and of securities of all kinds, rose enormously, but the fall was as precipitous as the rise was unjustified, and to unbounded credit and confidence there soon succeeded a general distrust, during which the best securities could not be converted and goods were rendered unsalable."

History repeats itself; and the experience of England, and of Germany, and our own experience in former days, seem not unlikely again to be repeated in this country.

A currency which will adapt itself to the existing circumstances is particularly needed at the present time, and it will be the province of Congress to watch carefully the indications of an excess of paper money, and to prevent by proper legislation the mischief and danger of a redundant and non-elastic currency.

PROPOSED SUBSTITUTION OF TREASURY-NOTES FOR NATIONAL-BANK NOTES.

In order to save the net amount of about twelve millions of interest now paid by the government upon the bonds deposited by the banks to secure their circulating notes, it is proposed to abolish the national-banking system, and to substitute additional Treasury-notes for the notes now issued by the banks.

Such a measure, if adopted, will not result in profit to the government, because nearly the amount now paid in interest to the banks, as has already been seen, can be saved to the government by refunding the bonds bearing a higher rate of interest into those bearing interest at four per cent., while a further issue of Treasury-notes must necessarily arrest the operation of refunding the debt. The amount of annual loss, if refunding cease, will be \$10,558,030; but if refunding continue and the whole debt shall be eventually funded into three and one-half per cent. bonds, there will be an additional saving of nearly ten millions. Moreover, if, as is proposed in this measure, the government should issue all the circulation of the country in the form of Treasury-notes, it must keep on hand at all times, to protect this circulation, a large amount of reserve, the interest on which would amount to nearly as much as the net interest now received by the national banks.

The abolition of the national banking system would be immediately followed by the repeal of section 3412 of the Revised Statutes, imposing a tax of 10 per cent. upon State bank notes, thus reviving the diverse banking systems of forty different States, and with them the former rates of exchange between the commercial centers of the country and other points. The banks now organized under the national system would reorganize under the laws of the several States in which they

are located; and under those laws they would be enabled to realize much greater profits than they now receive, not alone from circulation, but, in addition, from the sale, at high rates, of sight bills of exchange, rendered necessary to internal commerce by the inequality in value, in different localities, of circulating notes issued under widely differing State systems. On the other hand, the people would be subject to losses, both on circulation and exchange, exactly corresponding to the gains of the banks. In further support of these propositions, the Comptroller ventures to repeat what has been previously stated by him :

“The government, unlike the banks, does not receive deposits nor loan money, and it must therefore provide for the redemption of its notes from its own resources. If it issues a small amount of currency, the amount of reserve required and the expense of redemption will be small; but if it issues the whole paper currency of the country, it must, when specie payments are reached, maintain a ratio of reserve equal to that of the Bank of England or the Bank of France, which is not less in either case than one-third of the amount of its issues. If the amount of government issues should reach 668 millions, which is the present volume of the currency, a reserve of 223 millions in coin must be kept on hand. The interest upon this amount of reserve, at the lowest government rate (4 per cent.), would be \$8,920,000. The expense of issuing the notes and the cost of redemption would also be large, and the total cost to the government, including the hazard attending the issue of so large an amount of money, would not probably be less than 10 millions of dollars annually. This amount is but three millions less than that of the net annual interest received by the national banks upon their bonds, and is much greater than the profits derived by them from their entire circulation.

“If the amount of Treasury notes should be largely increased, and be subject, as it will, to additional increase by each successive Congress, the ability of the government to redeem its issues will in time be questioned, and the amount and proportion of reserve required will need to be increased, thus adding materially to the expense attending such issues, meanwhile saving the government but little, if anything, by the transaction.

“It is believed by the Comptroller that this proposed substitution is impracticable, and that the repeal of the national-bank act will result, not in an additional issue of Treasury notes, but in the repeal of section 3412 of the Revised Statutes, consisting of four lines in the Statute Book, which is as follows :

“SEC. 3412. Every National banking association, State bank, or State banking association, shall pay a tax of ten per centum on the amount of notes of any person, or of any State bank or State banking association, used for circulation and paid out by them.’

“The South desires the repeal of this section, because it believes that such repeal will be followed by the organization of numerous banks of circulation under State charters, which will, for the time being, at least, stimulate the business of that section of the country.

“The East and the North, and a portion of the West, in the event of the repeal of the National Banking System, will join with the South in the repeal of this section, but for a different reason, namely, to prevent the increase of the issue of Government notes, because they believe that a system of State bank notes, at the worst, can only injure the credit of individuals, while the unrestricted issue of United States notes will be likely to produce a new suspension of specie payments, and thereby in-

jure, not only every kind of private business, but also the credit of the nation. Those persons in the West who have been erroneously led to believe that the downfall of the National Banking System will be followed by an additional issue of greenbacks, will certainly find upon investigation that State Bank notes, not United States notes, will be almost immediately substituted for the present uniform National currency, accompanied with an increase in the cost of exchange, losses to the bill holders, and other evils which are inseparable from such issues.

"In New York and Massachusetts, Wisconsin, Minnesota, Iowa, and other States, provisions either of law or of the constitution now exist, which prohibit the issue of circulating notes unless secured in a manner similar to those issued under the provisions of the national banking system. As a consequence of these laws and constitutional provisions, the bonds now held in the Treasury at Washington will be largely transferred to the capitals of many of the States, the result being that while, contrary to the expectation of many, no great saving of interest to the government will ensue, the circulating notes of State associations, secured and unsecured, will soon fill the places now occupied by the uniform circulation of the national banks. But even if this circulation shall all be well secured, it will be impossible, under the varying legislation of different States, to secure the issue of a homogeneous currency of equal value throughout the country. Many useful restrictions may be adopted, but it would be hopeless to expect all the States to agree upon a central point of redemption outside of their own respective boundaries, or upon a uniform system of cash reserve, or upon similarity in form of public statements. State lines, as formerly, will bound the field of circulation of many of the Southern and Western issues, while the notes of New York and New England will not only monopolize the field within their own boundaries, but will successfully contest the privilege of circulation in those States remote from the commercial centers, which have no Eastern agency for the redemption of their notes. Eastern communities will suffer comparatively little from the unsound issues of other States, but those which are less favored with capital will, as of old, be the chosen field for the establishment of illegitimate corporations. The cost of exchange, which under the present system has, during the last fifteen years, nearly disappeared, will be again revived. The rate will not, perhaps, be so large as in former times, but yet large enough to be a grievous burden upon the business of the country.

"Few persons have a just conception of the many advantages possessed by a homogeneous currency, fully secured, the issue of a single system, redeemable at a common point, and exempt from the discount occasioned by an irregularity of value in different localities. Great pains have been taken to obtain an estimate of the amount of exchange issued annually upon New York by the Western and Southern States. The amount drawn upon New York alone is estimated at nearly three thousand millions of dollars annually; and it will not probably be an exaggeration to say that not less than four thousand millions of dollars are annually drawn in exchange by the West and South upon the East. The amounts drawn upon each other by the banks in the commercial cities and States of the East is also great. In 1859 the average cost of Southern and Western exchange upon New York was not less than from 1 to 1½ per cent. If this latter rate should be restored, the cost of exchange alone would be sixty millions annually; while if the rate were but one-half of one per cent., which was the current rate in the State of New York in the year 1860, a loss in exchange of twenty millions annually would en-

sue, to say nothing of the loss incident to the issues of banks not properly organized.

“The overthrow of the present well-established system, with its abundant capital and reserve, its large surplus, and its wise provisions, will be succeeded, either by two kinds of government notes, one or both at a discount for gold and of unequal current value, or by circulating notes issued under State authority. Either system will be bad. The one will be subject to the changing opinion of each successive Congress, and the other to the independent caprice of the legislatures of forty States.

“The proposition is to save money to the government, by placing the principal existing monetary institutions of the country in liquidation at a time when specie payment is assured, and the nation has just entered upon a new career of prosperity. There will be no saving to the government, but a loss of millions of dollars annually to the people, which loss will increase yearly with the growth of business and commerce between the different States.”

THE VALUE OF CIRCULATION TO THE NATIONAL BANKS.

The Comptroller has, in previous reports, given tables showing the profit upon national-bank circulation. The refunding operations of the government and the consequent reduction in the rate of interest upon the bonds held by the banks as security for their circulating notes having diminished this profit, and the expectation that the further refunding of the public debt will diminish it yet more, render it necessary to again refer to the subject. The total amount of interest annually received by national banks upon the bonds deposited for the security of their circulation on November 1, ultimo, was \$17,152,396.75, as will be seen by reference to a table on page 27. If from this amount be deducted the interest upon that portion of these bonds on which the banks receive no circulation, namely, 10 per cent. (\$1,715,239.67), and the tax upon circulation of one per cent. (\$3,274,221), there will remain \$12,162,936, which was the net amount of interest received by the banks on that portion of the bonds deposited, equal to 90 per centum of the whole, which represents the entire amount on which the banks receive any additional income through the issue of circulation.

The banks now hold \$7,227,700 of called bonds, five and six per cents, upon which interest has ceased, which are classified as four per cents in the above calculation. The other five and six per cent. bonds held by the banks, with the exception of the Pacific Railroad bonds, amounting to \$4,465,000 only, known as currency sixes, will be payable by the government in a little more than a year, and will then be converted into bonds bearing a lower rate of interest. If all are converted into four per cent. bonds, the net amount of interest received by the banks, after making the same deductions as before, will be \$9,822,666. If the present capital of the national banks invested in bonds were loaned directly upon commercial paper, or upon bonds and mortgages, at eight per cent. it would yield annually \$29,722,656. The net interest to be derived from four per cent. bonds amounts, as has been seen, to \$9,822,666, and the interest upon the circulation issued upon these bonds when loaned at eight per cent. amounts to \$24,884,084, the interest on the bonds and the income on circulation making a total net income of \$34,706,750. The amount by which this latter sum exceeds that which the banks may derive from loaning their capital directly on commercial paper, or on bonds and mortgages, is \$4,984,094, and represents the profit on circulation. It is equal to 1.3 per cent. on the capital invested in bonds. The follow-

ing statement presents in one group the figures by which these results are obtained :

The interest at 8 per cent. per annum on the loanable amount of circulation is.....	\$24, 884, 084
The interest on the bonds deposited to secure the circulation when funded into 4 per cents, is	14, 552, 096
Gross amount received by the banks from bonds and loanable circulation. From which deduct one per cent. of the issuable amount of circulation as the tax thereon and the interest on the margin in bonds deposited....	39, 436, 180 4, 729, 430
Net income upon the capital employed.....	34, 706, 750

Difference, representing the profit on circulation if the whole amount available for use be loaned continually throughout the year.....	4, 984, 094

If the rate of interest on loans be taken at six per cent., instead of eight per cent., as above, a like computation shows that the profit on circulation does not exceed 1.7 per cent. on the capital invested. That the advantage to be derived from receiving and issuing circulating notes is not great, is evident from the fact to which the Comptroller has repeatedly called attention that there are in this country 1,005 State banks and 2,634 private bankers who decline to reorganize under the national system. Additional proof is also found in the fact that the amount of existing national-bank circulation is much less than that which under the law these banks might obtain upon their present capital by the deposit of additional bonds. This is shown in the following table:

Geographical divisions.	Capital.	Authorized circulation.	Circulation actually issued to the banks.	Remaining circulation not called for by the banks.

Totals.....	454, 067, 365	388, 010, 821	319, 658, 485	68, 352, 336

The total amount of circulation which by law might have been obtained by banks in operation, upon their paid-in capital stock, was on October 2, \$388,010,821, while the amount actually received by them at that date was \$319,658,485; showing that the banks already organized and in operation are entitled to receive \$68,352,336 additional circulation as soon as they see fit to deposit United States bonds to secure it. In other words, these banks already in operation can at any time, if any profit can be made by an additional issue, increase their circulation by more than one-fifth.

Bonds can now be purchased in the market at a small premium, and it is reasonable to suppose that if there were a profit on circulation, the banks now in successful operation, with a capital stock fully paid in, would at once avail themselves of the privilege of receiving and issuing the full proportionate amount allowed by law.

ILLEGAL CERTIFICATION OF CHECKS.

On February 19 and March 3, 1869, two extraordinary acts in reference to the business of banking were passed by the Fortieth Congress, which enactments were subsequently embodied in sections 5207 and 5208 of the Revised Statutes. The first of these sections prohibits the loaning of money upon United States or national-bank notes as collateral security, with the purpose of withdrawing such notes from use, and the latter section prohibits the certification of checks drawn upon any national bank, unless the drawer has the money actually on deposit in such bank.

The violation of the first-named section is made a misdemeanor, and punished by a fine not exceeding one thousand dollars, and a further penalty equal to one-third of the money loaned. The officer or officers of the bank who shall make such a loan are also liable for a further penalty, equal to one-fourth of the money loaned. The penalty for the violation of the last-named section is forfeiture of the charter of the bank and the appointment of a receiver to close its affairs. It seems scarcely credible that it should have been found necessary to prohibit by positive legislation the practice by national banks, located in the principal commercial city of the country, of methods of business so inconsistent with the principles of good banking. But it was soon found that even this legislative prohibition was not sufficient in times of extraordinary activity in the stock-board to entirely prevent the illegal certification of checks. A few months later, therefore, the Committee on Banking and Currency of the House of Representatives, after an investigation which occupied some weeks,* was instructed to inquire if any further legislation was necessary to prevent the improper certification of checks by the national banks, and to report by bill or otherwise.

In compliance with these instructions a bill was reported, which on June 19, 1870, passed the House, and which provided that any officer, clerk or agent of any national banking association who should violate the provisions of the act of March 3, 1869, relating to certified checks, should be deemed guilty of a misdemeanor, and be fined not more than five thousand dollars, or imprisoned not more than five years, or both, in the discretion of the court. This bill, like similar acts which preceded it, passed the House almost unanimously and with but little discussion. A Representative from New York City, who was also a member of the Committee on Banking and Currency, seemed to reflect the sentiment of the House and also of his constituents when he said: "I concur with my colleagues in regard to reporting this bill, after careful examination of the facts ascertained by the gold investigating committee and of the statements made by the substantial merchants of New York—not the speculators, either in produce or gold, but the men of solid parts, the men who look to the substantial interests of the people outside as well as inside their city, men of character and propriety."

The House bill of June 19, 1870, failed to pass the Senate, but the action of the House had the effect to largely diminish, although it did not entirely put an end to, this illegal practice.†

No complaints of its renewal reached the Comptroller until recently,

* "Reports of Committees, H. R., Forty-first Congress, Second Session"—Gold panic Investigation, page 23.

† The clearing-house association of the city of New York, which is composed of forty-five national, together with thirteen State banks, to which latter associations the legislation named did not apply, took action on this subject in November, 1873, by the appointment of a committee to consider and report upon "reforms in the banking business."

The committee in their report referred to this subject as follows: "Every bank in

when his attention was called to the large increase of certified checks among the clearing-house exchanges, their amount having risen from 31 millions on April 4, to 44 millions on June 14, to 60 millions on October 2, and finally to more than 90 millions on October 30 last. He was also advised of an informal conference of the presidents of some of the prominent banks, with the object of devising some plan to avoid the risk and loss of such overcertifications. It had also, about the same time, been brought to the knowledge of the Comptroller that certified checks, drawn upon an institution which was known to be largely addicted to this practice, had been refused by banks in good standing; whereupon he considered it his duty to exercise whatever power belonged to his office for the arrest and prevention of the custom complained of. He therefore, on the 29th ultimo, directed the national-bank examiner for the city of New York to examine such banks as were believed to be certifying checks illegally, and to report the facts to this Office; and a separate letter was transmitted to him on the same day requesting him to consult with the clearing-house committee, and to take its advice in reference to the best course to be pursued. The examiner soon after reported that nine of the city banks had at various times certified checks contrary to the provisions of the law, but that only five of them were largely given to the practice; and he added his opinion that the amount of such illegal certifications had been very much overstated by the public press.

A subsequent investigation was made on November 6, which was conducted in such manner as to avoid publicity; and the Comptroller was then advised that the certifications complained of had been very largely reduced in number and amount, and, in the cases of some banks, entirely discontinued, and that it was believed that in a short space of time all the banks would conform fully to the provisions of the statute.

Section 5239 of the Revised Statutes provides that every director of a national bank who participates in or assents to violation of law "shall be held liable in his personal and individual capacity for all damages which the association, its shareholders, or any other person shall have

the association is directly involved in the risks attending this practice. It multiplies excessively the sums which such institutions pass through the clearing-house, and the consequent balances of the exchanges with their associates, which the capital of such banks can never adequately guarantee.

"The most striking commentary upon the dangers of this practice was afforded during the late panic by the dealer of a bank who had largely received such favors, and who, seeing by its application to others that his own checks were in peril, declined, under advice of counsel, to cover them by a deposit, until otherwise assured that the bank could respond to these very obligations.

"No sufficient reason, in the opinion of your committee, can be given why a corporation should place itself without compensation and special security between two parties dealing with each other, and become the guarantor of either, in transactions entirely personal to themselves, simply because one or the other is a depositor in the institution. We have already stated that the safe custody of money payable 'on demand' is full compensation for its legitimate use, and the risks attending such a business are all that properly appertain to the profession of a banker. And if the rule be invariably observed of certifying checks only when the drawer has the full amount at his credit in the bank, no one can be injured or offended when he is treated in all respects like every other of his fellow-dealers. The restriction suggested will work favorably to every interest—to the banks, the shareholders, and their associates—by diminishing the risks now so widely incurred, and it also conforms to and confirms the law which Congress has established upon this subject in respect to national banks.

Your committee, therefore, recommend that in no case shall a check or other obligation be certified by a bank unless the amount of it is first found regularly entered to the credit of the dealer upon the books of the institution."*

* The report of the committee, it is said, failed of unanimous adoption by four votes only.

sustained in consequence of such violation." If a loss result from such certifications or overdrafts, there would seem to be no doubt that consequential damages may be collected from those directors who knowingly permitted them. The bank examiner has been instructed to report to this Office every instance of overcertification which may come to his knowledge, whereupon the Comptroller will not hesitate to enforce the provisions of law in reference thereto; and in the event of the appointment of a receiver, he will endeavor to have determined in the courts the question of the several liabilities of the directors for violation of the law mentioned. In the mean time those banks which consider the law inimical to their interests have the option either to conform to its provisions or to conduct their business under some banking system in which the restrictions that to them are so objectionable do not exist.

The Comptroller is glad to be able to state that he has no reason to suppose any national bank has been guilty of withdrawing circulating notes for illegitimate purposes, but the examiner has been directed to report any violations of section 5207, if such shall occur; and upon the receipt of such report the Comptroller will immediately transmit the same to the law officer of the department for his action.

SECURITY OF CIRCULATING NOTES.

The following table exhibits the classes and amounts of United States bonds held by the Treasurer on the 1st day of November, 1879, to secure the redemption of the circulating notes of the national banks:

On October 1, 1865, the total amount of bonds held for this purpose was \$276,250,550, of which \$199,397,950 was in six per cents, and \$76,852,600 in five per cents. On October 1, 1870, the banks held \$246,891,300 of six per cents and \$95,942,550 of five per cents. Since that time there has been, to November 1, 1879, a decrease of \$187,575,850 in six per cent. bonds and an increase of \$35,359,050 in five per cents.

During the year ending January 1, 1879, there was a decrease of \$12,677,600 in six per cents and of \$6,357,800 in five per cents. Since September 1, 1876, \$34,866,950 of four and one-half per cents, and since July 1, 1877, \$138,318,400 of four per cents, have been deposited. Since the 1st day of January, 1879, there has been a decrease of \$12,652,650 in six per cents, \$63,415,600 in five per cents, and \$12,138,800 in four and one-half per cents, while during the same period \$102,941,450 of four per cents have been deposited. The banks still hold \$108,200 of six per cent. five-twenty bonds and \$7,119,500 of five per cent. ten-forty bonds, upon which interest has ceased.

During the month of October last the exchanges made at the Clearing House amounted to \$3,539,807,083, which included the business of the assistant treasurer, amounting to \$44,323,506. The balances paid during that month amounted to \$130,138,117, including \$27,037,192 paid by the assistant treasurer, of which \$13,475,000 was paid in gold, while the

banks paid \$28,180,000 in gold, making the total gold payments for the month \$41,655,000, or a daily average of \$1,581,000—\$1,080,000 by the banks, and \$501,000 by the assistant treasurer.

A table compiled, for purposes of comparison, from returns made to the New York Clearing House, will be found in the appendix, giving the clearings and balances weekly, for the months of September, October and November of various years, from 1869 to 1879.

Section 5175 of the Revised Statutes provides that "after specie payments are resumed no association shall be furnished with notes of a less denomination than five dollars." Accordingly no notes of the denominations of one and two dollars have been issued since the first day of January last. The amount of these notes outstanding on the 1st of November, 1878, was \$4,284,219 in ones, and \$2,582,146 in twos. The whole amount of one and two dollar notes outstanding on the 1st of November, 1879, was \$5,659,698, which shows a reduction during the past year of \$1,206,667. The amount of legal-tender notes of these denominations outstanding on the 1st of November, 1878, was \$40,701,451, and the total reduction of ones and twos during the year has been \$2,442,784. Of the entire amount of national-bank and legal-tender notes now outstanding, six per cent. consists of one and two dollar notes; thirty per cent. of ones, twos, and fives; and fifty-six per cent. is in notes of a less denomination than twenty dollars. Of their entire issue, less than twenty-two per cent. in amount is of the denomination of fifty dollars and upwards.

The amount of circulation of the Bank of France on December 31, 1877, was 2,547,044,000 francs, or say \$509,408,800, showing a reduction between that time and January 30, 1879, the date of the foregoing table, of 256,073,170 francs, or \$51,214,634.

It will be seen that the Imperial Bank of Germany issues no notes of a less denomination than \$7.50, and that the Bank of France issues but about two millions of dollars in notes of a less denomination than five dollars. The Bank of England issues no notes of less than twenty-five dollars, and the Banks of Ireland and Scotland none less than five dollars.

The amount of paper circulation in this country in denominations of less than ten dollars was \$203,441,218 on November 1, 1879. In the foreign countries named a large amount of silver and gold coin of the lower denominations enters into general circulation. If the people of the United States continue to prefer a paper circulation of small notes, and the laws of the country authorize it, it will be impossible to keep in circulation any large amount of silver dollars, or of the smaller denominations of gold coins.

Section 5182 of the Revised Statutes requires that the circulating notes of the national banks shall be signed by the president or vice-

XXXIV REPORT OF THE COMPTROLLER OF THE CURRENCY.

president and the cashier of the association issuing the same. The written signature of at least one bank officer is necessary as a check between this office and the issuing banks; for if an illegal issue should occur the signature of such officer would be a means of determining the genuineness of the note. The written signatures of the officers of the banks are also necessary as an additional precaution against counterfeiting. A number of the banks, however, issue their notes with printed signatures, and in some cases with badly-executed lithographic ones.

Bills have been introduced in Congress imposing a fine of twenty dollars for every circulating note issued by any national bank without the written signature thereon of at least one of its officers; and the Comptroller respectfully repeats his previous recommendation for the passage of such an act, which act shall also impose a fine upon any engraver or lithographer who shall print the signatures of bank officers upon such circulating notes.

LIQUIDATION OF INSOLVENT BANKS.

Since the establishment of the national banking system eighty-one national banks have become insolvent and been placed in the hands of receivers. The following table gives for each State and Territory the number of national banks which have failed since the commencement of the system, a period of sixteen years, with their capital, the amount and percentage of dividends paid to creditors, and the estimated losses. In the States and Territories which do not appear in this table no national banks have failed.

There is no means of definitely determining the amount of losses sustained through the failures of banks operating under systems in vogue during the earlier periods of the history of this country. The losses under those systems, both to the note holders, to whom there can be no loss under the national system, and to their general creditors and shareholders, are known to have been large. The loss to noteholders alone is estimated to have been 5 per cent. annually upon the total amount of circulation outstanding. In Elliot's Funding System, on page 1176, it

is stated that fifty-five banks with an aggregate capital of \$67,036,265, and circulation of \$23,577,752, failed in 1841. The total bank capital of that year is stated by the same authority to have been \$317,642,692, and the circulation at \$121,665,198; and it is also stated in the same connection that in nearly every instance the entire capital of the banks which failed was lost.

Numerous failures of private banking firms have occurred in this country within the last six years, and the losses consequent upon three or four of them are equal to the total losses which have occurred under the national system.

For the purpose of comparing the losses to creditors of insolvent national banks with those sustained by the creditors of insolvent banks other than national, much pains have been taken by the Comptroller to obtain as reliable and complete statistics as possible relating to the failures of State and savings-banks and private bankers in the different States during the three years ending January 1, 1879. The results of his labors in this direction are to be found in the following table:

State.	No. of banks.	Claims.	Amount paid and to be paid.	Losses.

The amount of claims of five banks in Missouri, one in Kansas, and two in Nebraska could not be obtained.

In the foregoing table it has been found impossible to give the capital, or the exact amount of dividends paid to creditors, the liabilities and the losses only having been ascertained with any degree of accuracy. The differences between the two items last named represent the amount which it is assumed will eventually be paid to creditors. The average annual loss sustained by creditors during the past sixteen years by the insolvency of national banks throughout the United States, has been \$390,012, and that occasioned by the failures of banks other than national, as shown by the incomplete data obtained by the Comptroller, has for the last three years been not less than \$10,872,220.

In the States of Ohio and Illinois alone the losses during the last three years, through the failure of State, savings, and private banks and bankers, aggregated \$8,039,102, of which \$1,916,050 were in Ohio, and \$6,123,052 in Illinois. The total loss in these two States is greater by \$1,798,913 than the total loss to creditors by all the national bank failures which have ever occurred.

XXXVI REPORT OF THE COMPTROLLER OF THE CURRENCY.

In the next table the losses to creditors through the failures of national banks in the cities of New York and Brooklyn, since the establishment of the system, are contrasted with those sustained through the insolvency of savings-banks in the same cities during the last eight years alone, with the names of the banks and the dates of the appointment of receivers:

The total losses by savings-banks in New York City for eight years, as shown by the above table, the data for which, in reference to savings-banks, were obtained from the report for 1879 of the superintendent of the banking department of the State of New York, have been \$4,475,061, and those by national banks in the same city for sixteen years, \$91,000.*

Some inquiry has been made in reference to the expense of liquidating the affairs of national banks through the agency of receivers, an impression having prevailed that these expenses usually exhaust a large proportion of the assets. The following table has therefore been prepared, which shows by States and Territories the cost of the receiverships of insolvent national banks up to November 1 of the present year,

* Data supplied by Dun, Barlow & Co., with reference to the failures in New York City of trust companies, State and savings-banks, private banking firms, and stock and money brokers, show failures since September, 1873, numbering 191. The aggregate liabilities reported in these cases were \$74,704,478, and the aggregate assets \$49,974,054, the excess of liabilities over assets being \$24,730,424.

If that portion of the amount realized from the sale of United States bonds which was necessary to redeem the circulation be omitted from the item of cash collected, the total expense of the liquidation of insolvent banks would be at the rate of 9.73 per cent.

A great many offsets are allowed by the receivers, in cases where parties having credits on the books of the bank are also indebted to it. Bad and doubtful assets are frequently compounded, or are exchanged for proved claims against the bank, under order of the court as provided by law. The cost of these operations is included in expenses in the foregoing table, but the sums thus liquidated do not appear in the amount of net cash collected.

Below is given a table showing the expense of liquidating the affairs of each insolvent national bank in the city of New York:

XXXVIII REPORT OF THE COMPTROLLER OF THE CURRENCY.

A large portion of the expense incident to the receiverships of insolvent banks usually arises from litigation. Many persons who punctually pay their obligations to a bank which is in operation, do so only at the end of a lawsuit when the same bank has been placed in the hands of a receiver. Complicated questions arise in the enforced settlement of a bank's affairs, which are frequently carried up to the court of last resort before they are finally determined. The time necessary to the final closing of an insolvent bank being thus extended, the expenses of the receiverships are increased. In the case of national banks, however, these expenses are reduced as much as possible, by decreasing the salaries of the receivers and their assistants as the business of settlement of their affairs diminishes.

Although the expense attendant upon the liquidation of the affairs of insolvent national banks appears, in some instances, to be large, yet it is believed that the cost of receiverships under the national system is very much less than that usually incurred in the liquidation of insolvent estates and corporations under the laws of the different States.

NATIONAL BANK FAILURES.

Since November 1, 1878, receivers have been appointed for banks in operation at that date as follows:

	Capital.
First National Bank, Warrensburg, Mo	\$100,000
German-American National Bank, Washington, D. C	130,000
Commercial National Bank, Saratoga Springs, N. Y	100,000
National Bank, Poultney, Vt	100,000
First National Bank, Monticello, Ind	50,000
First National Bank, Butler, Pa	50,000
	530,000

Receivers have also been appointed for the German National Bank of Chicago, Ill., and for the Second National Bank of Scranton, Pa., both of which banks had previously gone into voluntary liquidation. This action was rendered necessary by complaints received that the affairs of these associations were not being properly managed by the officers or agents having them in charge, and the appointments were made under authority of the act of June 30, 1876.

Dividends have been paid to the creditors of six of the banks which have failed since November 1, 1878, as follows:

First National Bank of Warrensburg, Mo	10 per cent.
German-American National Bank, Washington, D. C	10 per cent.
German National Bank, Chicago, Ill	25 per cent.
Commercial National Bank, Saratoga Springs, N. Y	60 per cent.
National Bank of Poultney, Vt	25 per cent.
First National Bank of Butler, Pa	15 per cent.

The aggregate amount of these dividends is \$187,752.83, and their average per cent. to claims proved is 22.66.

Dividends have also been paid to the creditors of banks which had failed prior to November 1, 1878, as follows:

First National Bank, New Orleans, La5 per cent. ; total, 70 per cent.
Ocean National Bank, New York City5 per cent. ; total, 100 per cent.

The total amount of dividends paid by the Comptroller to creditors of insolvent national banks during the year ending November 1, 1879, was \$1,909,595. The total dividends paid since the organization of the system is \$15,919,908, upon proved claims amounting to \$24,913,496. The dividends paid equal 64.16 per cent. of the amount of the claims.

Assessments amounting to \$6,320,250 have been made upon the shareholders of insolvent banks, for the purpose of enforcing their individual liability, of which amount \$1,816,007.82 has been collected in all, and \$357,173.82 of it during the past year.

A table showing the national banks which have been placed in the hands of receivers, the amount of their capital and of claims proved, and the rates of dividends paid, and also one showing the amount of circulation of such banks, issued, redeemed, and outstanding, will be found in the appendix.

THE LOSSES OF THE BANKS.

It is the practice of this office, under the law providing that reports shall be made by the national banks and published by them in such form as the Comptroller may require, to insist that all the assets of these associations shall appear in such reports at their real value, as nearly as such value can be determined, in order that the general public may not be deceived thereby.

To show the real state of facts in this respect, it is necessary that all losses and depreciations in values shall, as often at least as once in each six months, be charged to the profits of the bank. Where this rule is strictly followed, and dividends are determined in all cases by the remaining profits only, there is little danger of insolvency; since in most cases which have heretofore occurred the causes of insolvency can be traced to the accumulated losses of a long series of years, and the continuance of dividends regardless of such losses. The losses charged off semi-annually by national banks in the years 1876, 1877 and 1878, have been given, by States and reserve cities, in previous reports. The fol-

It will be seen from the foregoing table that the total losses charged off by the banks during the current year were \$21,725,654, that in 1878 they amounted to \$24,466,800, in 1877 to \$19,933,588, and in 1876 to \$19,719,027; making a grand aggregate of \$85,845,069 of losses which the banks have sustained during the four years named. Of the \$57,950,081 of losses charged off within the last two and a half years, \$8,639,407 was on account of depreciation in the premium on the United States bonds held by the banks. The total losses thus charged off during the last four years are more than 19 per cent. of the entire capital of the banks.

The amount of losses sustained in the several principal cities of the United States is shown in the following table:

Cities.	1876.	1877.	1878.	1879.	Total.
New York	\$6,873,759 97	\$4,247,941 66	\$5,147,319 98	\$3,135,557 37	\$19,404,578 98

These losses have, to a considerable extent, been charged to the current profits of the banks—that is, to the profits of the semi-annual periods in which the losses occurred. In some cases, however, where the losses were large, they have been partly met from the accumulated profits of the banks, including the legal surplus; and in extreme cases they have been met, either by assessment upon the shareholders, or by a reduction of the capital stock under section 5143 of the Revised Statutes.

It will be seen from the above that the national banks have not escaped the effects of the general depression which, since 1873, has affected all branches of trade and industry in the country, and this will still more plainly appear in the paragraphs and tables which follow, relating to surplus and dividends.

SURPLUS.

In addition to the paid-up capital which each national bank must have, and which must be kept always unimpaired, there is also the surplus fund, which the law provides shall be accumulated by setting aside, before the usual semi-annual dividend is declared, one-tenth part of the semi-annual net profits of the bank. In course of time this legal surplus becomes working capital, in the case of many banks largely exceeding their nominal capital. The capital and surplus together form the working fund of a bank, each contributing *pro rata* to its ultimate profits; and the banks which make large dividends in proportion to their capital are those which have accumulated a large surplus, such dividends being really earned by their combined capital and surplus.

The following table shows the growth of surplus from the commencement of the system to the present time, as nearly as possible by semi-annual periods, with the increase or decrease for each period :

The total surplus fund, which up to June, 1875, had from the beginning shown a constant increase, during the six months next following first began to show a decrease; while each semi-annual period since the latter date has exhibited a still diminishing surplus, thus in some measure indicating how severely the national banks have felt the business inactivity and depression of the past six years.

DIVIDENDS.

Since the year 1869 the banks have been required to make semi-annual reports of their dividends and earnings. From these reports tables have been prepared showing the profits and dividends of all the national banks. The latter must, to afford a fair view of the subject, be considered in their relation, not alone to capital, but to capital and surplus combined; since, in reality, the latter contributes proportionately as much to the semi-annual profits from which the dividends are derived as does the former.

In the appendix is given a table which shows in a concise form the ratio of dividends to capital, and of dividends to the united capital and surplus, and also the ratio of the total net earnings to capital and surplus, of the national banks in each State and principal city in the Union, for each half-year from March 1, 1875, to September 1, 1879.

This table shows that there has been a steady falling off in the rate of earnings since 1870. In that year the ratio of dividends to capital was 10.12 per cent. while this year it is but 7.60 per cent. In the former year the ratio of dividends to capital and surplus was 8.35 per cent. while now it is 6.07 per cent. only; and since the date mentioned the ratio of earnings to capital and surplus has fallen from 10.96 per cent. to 5.49 per cent.

This marked decline is directly attributable to the losses sustained by the banks, in consequence of which many of them have declared no dividends at all, while others, though declaring dividends, have reduced them to a rate far below the average legal rates of interest.

The following tabular statement shows by geographical divisions the number of national banks, with their capital, which have paid no dividends to their stockholders during the semi-annual periods of 1878 and 1879 respectively, together with the totals of each semi-annual period for the three preceding years:

XLIV REPORT OF THE COMPTROLLER OF THE CURRENCY.

The number of banks passing dividends in the first dividend period of 1879 was 309, with a total capital of \$53,843,700; in the second period the number was 299, with a capital of \$44,576,300; while during the last four years the average number of banks semi-annually passing dividends on account of losses has been 292. The average amount of capital upon which no dividends have been paid during that time is \$45,740,137; from which it follows that for a continuous period of four years about one-seventh of the whole number of banks in operation have paid no dividends, and that more than one-tenth of the total capital has been unremunerative.

The percentage to capital of dividends paid, and of dividends and earnings to combined capital and surplus, is given by similar divisions in the following table, for the years 1877, 1878, and 1879:

The three subjects of losses, surplus, and dividends are, it will be perceived, intimately connected one with another. The large losses, the depleted surplus, and the diminished dividends of the national banks all point to the conclusion that these institutions cannot longer continue to pay the heavy rates of taxation imposed upon them alike by the States and by the General Government, and at the same time adequately remunerate their shareholders for the use of their capital.

TAXATION.

The Comptroller respectfully calls the attention of Congress to the subject of taxation of the circulation, capital and deposits of the national banks, and again recommends the repeal of the tax upon their capital and deposits. The reasons which induce this recommendation are given at length in his report for 1877. It is important to be considered that this tax originated as a war measure. At the time it was imposed it was deemed expedient, in order to meet an extraordinary emergency, to lay even the necessities of life under contribution to sustain the government. All taxes thus imposed upon these necessities have since then been repealed, and the internal revenue of the government, with the exception of that arising from the tax on banking capital and deposits, is now derived from imposts on spirits, tobacco, matches, patent medicines and fermented liquors. Even the tax on tea and coffee, which are admitted luxuries, has been removed. Banking capital, one of the necessities of trade and commerce, is thus put on a footing with what are generally considered the least indispensable luxuries.

The taxes imposed by the general government are not the only ones to which the national banks are now compelled to submit. As has been shown in previous reports, a large proportion of the taxes of the banks are those imposed under State laws. The repeal of the law of the United States which taxes banking capital and deposits would not, therefore, remove the heaviest burden to which the banks are subject. It would, however, lighten the weight which now rests upon them, and which amounts to nearly seventeen millions annually, or more than 4 per cent. upon the total amount of national-bank circulation outstanding; and such action on the part of Congress would set an example, the wisdom of which might perhaps be recognized and copied by State legislatures.

In order to show how the taxes paid by national banks under State laws compare with those paid by the same banks under the laws of the United States, the Comptroller presents with this report tables for the years 1867 and 1869, and for the years from 1874 to 1878, inclusive, showing the total taxes paid in each State and reserve city, with the capital of the banks, and the percentage of tax to capital in each case. The tables for the years named, with the exception of that for 1878, will be found in the appendix. The table for the latter year is given below, and shows, by geographical divisions, the amounts of taxes paid and their percentage to capital:

* California banks pay no State taxes on capital, except such as is invested in real estate.

It is to be regretted that it has not been possible to obtain the data from which to prepare a table similar to the above, showing the United States and State taxes paid by banks other than national, with their capital and the percentage of tax to capital. In the following table, however, the taxes paid annually to the Commissioner of Internal Revenue by banks other than national, on circulation, on deposits, and on capital, are given from 1864 to 1879:

The rate of taxation imposed on the deposits and capital of State banks and private bankers is precisely the same as that imposed upon national banks. The tax upon their circulation consists chiefly of penalties imposed for its unauthorized issue.

The taxes above shown are those paid under the laws now in force, requiring the national banks to pay semi-annually to the Treasurer of the United States a duty of one-half of one per cent. on the average amount of their circulating-notes outstanding, one-quarter of one per cent. upon the average amount of their deposits, and a like duty upon their capital in excess of the amount invested in United States bonds. It will be seen that the national banks have contributed more than two-thirds of the whole amount of the taxes paid by the banks and bankers of the country, while the cost to the government of the national system since its inauguration in 1863, including the engraving of plates and the printing of circulating-notes, has been but \$4,732,731.

From tables similar to the one first given herein for 1878, showing the amounts of national and State taxes paid by the national banks, the following condensed table has been prepared, which shows the taxes, national and State, paid by the national banks during each year from 1866 to 1878 inclusive. The taxes shown for 1866, 1867, and 1869, and for the years 1874 to 1878, inclusive, are from complete data obtained by this Office, while those given for the year 1868, and from 1870 to 1873, inclusive, are estimated. In the returns of the United States taxes paid prior to 1872, the special or license tax of two dollars on each one thousand dollars of capital, and the income tax on net earnings, are included:

In the foregoing tables there appears to be an inequality in national as well as State taxation ; but this inequality is seeming only, and arises from the fact that while the rate of tax imposed on circulation, deposits, and capital is uniform as to all banks and in all sections of the country, yet in the tables there is given the percentage of the total tax to the capital only. Therefore, in those States where the deposits and circulation are large in proportion to capital, the percentage appears greater. In States where the deposits and circulation are proportionately smaller, the percentage appears less. But in the case of State taxation the inequality is a real one, as the whole taxes are laid directly on the shares of capital stock alone. These heavy impost rates of necessity compel national and other banks and bankers to raise their rates of discount, in order to be able both to pay the tax and to make a reasonable return to their stockholders for the use of their capital ; and this increased rate

L REPORT OF THE COMPTROLLER OF THE CURRENCY.

of discount must be and is largely paid by the producers and active business men of the country, who are the customers of the banks.

For the past twelve years, upon an average combined capital and surplus of \$588,554,173, the average annual net earnings of the national banks, including the amount paid in taxes, have been \$68,078,144. Of this latter sum \$16,953,578, or about one quarter, have been annually paid in taxes, national and State, and about \$45,443,564 have been annually paid in dividends. Of the \$16,953,578 paid annually in taxes of all kinds, \$3,239,909 have been paid to the United States under the law taxing deposits and capital, the repeal of which the Comptroller earnestly recommends. These taxes amount to nearly one per cent. of the average capital, and its repeal would undoubtedly, in the case of the country banks at least, have an appreciable effect in lowering the rate of discount.

It will be seen from the above table that the reserve held by the banks in the city of New York on October 2 last was much less in proportion

to their liabilities than it had been at a corresponding date in any of the four preceding years.

The following table, compiled from returns made to the Clearing House by the national banks in New York City, exhibits the movements of their lawful-money reserve, weekly, during the month of October, for the last seven years:

From the above table it appears that while the national banks, in October last, held the amount of reserve required by law, the proportion of their reserve to their liabilities was much less during that month than it has been at any time since 1873.

The returns of the banks to the Clearing House for the week ending October 25 last, showed that the reserve of a considerable number of them was below the requirements of the law. Letters were at once addressed to these banks, directing them to increase their reserve to the necessary amount. Replies were received showing that the deficiency of reserve was in many cases but temporary. Other banks still showed a deficiency during the week following. These delinquent banks were again notified, and the returns for the week ended November 22, show that the specie had increased \$27,633,032 since October 2, which, notwithstanding the fact that the legal-tender notes had decreased in the same time \$16,578,284, made a net increase of \$11,054,748 in the reserve funds.

A table showing the average weekly deposits, circulation and reserve of the national banks in New York City, for the months of September and October since 1872, will be found in the appendix.

Tables will also be found in the appendix exhibiting the state of the lawful-money reserve of the national banks, as shown by their reports from September 12, 1873, to October 2, 1879, together with a table showing the reserves by States and principal cities for October 2, 1879.

NATIONAL-BANK CIRCULATION.

A table exhibiting by States and geographical divisions the number of banks organized and in operation, with their capital, bonds on deposit, and circulation issued, redeemed, and outstanding, on November 1, 1879, will be found in the appendix.

The act of February 25, 1863, and the subsequent act of June 3, 1864, authorized the issue of 300 millions of dollars of national-bank circulation, which was increased by the act of July 12, 1870, to 354 millions. The act of June 20, 1874, authorized any national bank desiring to withdraw its circulating notes, in whole or in part, to deposit lawful money with the Treasurer of the United States in sums of not less than nine thousand dollars, and to withdraw a proportionate amount of bonds held as security for such notes; and the act of June 14, 1875, repealed all previous provisions restricting the aggregate amount of national-bank circulation, and required the Secretary of the Treasury to retire legal-tender notes to an amount equal to eighty per cent. of the national-bank notes thereafter issued, until the amount of such legal-tender notes outstanding should be 300 millions and no more. That provision of the act which required a reduction of United States legal-tender notes was, however, repealed by the act of May 31, 1878. Subsequent to the passage of the act of June 20, 1874, and that of January 14, 1875, which latter act authorized the retirement and reissue of national-bank notes at the pleasure of the banks, the circulation steadily decreased in volume until the year 1877, the total decrease in this interval being \$30,869,655. During the year ending November 1, 1878, there was an increase of \$4,216,684, and during the year ending November 1, 1879, a further increase of \$14,742,503, as will be seen from the following table, which exhibits the total outstanding circulation, not including mutilated notes in transit, on the 1st day of November of each year for the last thirteen years, and also upon the dates of the acts above named:

November 1, 1867	\$299, 153, 296	November 1, 1874	\$351, 927, 246
November 1, 1868	300, 002, 234	January 14, 1875	351, 861, 450
November 1, 1869	299, 910, 419	November 1, 1875	345, 586, 902
November 1, 1870	302, 607, 942	November 1, 1876	321, 150, 718
November 1, 1871	324, 810, 656	November 1, 1877	316, 775, 111
November 1, 1872	341, 512, 772	May 31, 1878	321, 232, 099
November 1, 1873	348, 382, 046	November 1, 1878	320, 991, 795
June 20, 1874	349, 894, 182	November 1, 1879	335, 134, 504

Since the passage of the act of June 20, 1874, \$90,229,886 of legal-tender notes have been deposited in the Treasury by the national banks, for the purpose of reducing their circulation, and \$81,136,362 of bank-notes have been redeemed, destroyed, and retired.

From the date of the passage of the act of January 14, 1875, to that of the act of May 31, 1878, which prohibited the further cancellation of legal-tender notes, \$44,148,730 of additional circulation was issued, and legal-tender notes equal to eighty per cent. thereof, or \$35,318,984, was retired, leaving the amount authorized \$346,681,016, which is the amount of legal-tender notes now outstanding.

The amount of additional circulation issued for the year ending November 1, 1879, was \$22,933,490, of which \$7,494,170 was issued during the months of September and October. The amount issued to banks organized during the year was \$2,615,440; the amount retired was \$8,190,987; the actual increase for the year being \$14,742,503. During the year ending November 1, 1879, lawful money to the amount of

\$10,319,398 was deposited with the Treasurer to retire circulation, of which amount \$2,936,063 was deposited by banks in liquidation. The amount previously deposited under the act of June 20, 1874, was \$65,164,523, and by banks in liquidation \$14,745,965, to which is to be added a balance of \$3,813,675 remaining from deposits made by liquidating banks prior to the passage of that act. Deducting from the total, \$94,043,561, the amount of circulating notes redeemed and destroyed without reissue (\$81,136,362), there remained in the hands of the Treasurer on November 1, 1879, \$12,907,199 of lawful money for the redemption and retirement of bank circulation.

The following table exhibits by States the issue and retirement of circulation during the year ending November 1, 1879, and the total amount issued and retired since June 20, 1874:

Since the passage of this act the banks have, as a rule, maintained their redemption fund, and their circulating notes have been promptly redeemed at the Treasury without expense to the government.

The following table exhibits the amount of national-bank notes received for redemption monthly by the Comptroller of the Currency, for the year ending November 1, 1879, and the amount received for the same period at the redemption agency of the Treasury, together with the total amount received since the passage of the act of June 20, 1874:

From the State authorities reports of State and savings-banks and trust and loan companies have been obtained in the case of twenty-one States and the District of Columbia. Reports of State banks have been received from twenty States, of savings-banks from fourteen States, and of trust and loan companies from six States. From seventeen States no reports have been received. In the appendix may be found statements of the returns received from the various States, and a summary of the whole.

This summary, as may be seen from the number of States from which no returns have been received, and from the incompleteness of some which have been received, does not present a satisfactory exhibit of the resources and liabilities of the State and savings-banks of the United States, and it will be impossible to obtain such an exhibit until laws are enacted by the legislatures of all the States which shall require these banks to make uniform reports to the proper officers.

In the Comptroller's report for 1877 the form of a bill was presented, substantially the same as one passed by the legislature of Ohio in 1876, which, should it become a law in each of the States, would obviate the difficulty now experienced in obtaining full and accurate statistics in regard to banks doing business under State laws.

SYNOPSIS OF DECISIONS OF THE SUPREME AND CIRCUIT COURTS OF THE UNITED STATES, AND OF STATE COURTS OF LAST RESORT, UPON QUESTIONS ARISING UNDER THE NATIONAL-BANK ACT, AND UPON COGNATE POINTS OF INTEREST TO BANKS AND TO PARTIES HAVING DEALINGS WITH THEM.*

ABATEMENT.

- I. An action brought by a creditor of a national bank is abated by a decree of a district or circuit court dissolving the corporation and forfeiting its franchises. (*First National Bank of Selma vs. Colby*, 21 Wallace, p. 609.)
- II. Suit by the receiver of the *New Orleans National Banking Association* (formerly a State organization called the Bank of New Orleans) against a shareholder to enforce his personal liability. Plea in abatement that "at the date of the appointment of said receiver there was not, nor has there since been, nor is there now, any such corporation as said New Orleans National Association, because said bank of New Orleans had no power by its charter, nor authority otherwise from the State of Louisiana, to change its organization to that of a national association under the laws of the United States."

On general demurrer this plea was held bad, because no authority from the State was necessary to enable the bank to make such change. The option to do so was given by the forty-fourth section of the banking act of Congress, 13 Statutes, 112. "The power there conferred was ample, and its validity cannot be doubted." (*Casey, receiver, &c., vs. Galli, 4 Otto*, p. 673.)

This plea was also held bad upon the additional ground that "where a shareholder of a corporation is called upon to respond to a liability as such, and where a party has contracted with a corporation, and is sued on his contract, neither is permitted to deny the existence and legal validity of such corporation." (*Ibid.*)

"To hold otherwise," says Mr. Justice Swayne (p. 680), "would be contrary to the plainest principles of reason and good faith, and involve a mockery of justice. Parties must take the consequences of the positions they assume."

"They are estopped to deny the reality of the state of things which they have made to appear to exist, and upon which others have been led to rely. Sound ethics require that the apparent, in its effects and consequences, should be as if it were real, and the law properly so regards it."

* Many of the decisions cited in this synopsis are to be found in "THOMPSON'S NATIONAL-BANK CASES," Albany, 1878, but it was deemed best to give the original report, thus generally indicating the tribunal by which the point was decided.

ACCOMMODATION, ACCEPTANCES, INDORSEMENTS, AND NOTES.

- I. Where bills, indorsed by a national bank for accommodation only, had been negotiated by the bank through its usual channels of communication with its correspondents as its own bills, and the proceeds thereof have been placed to the credit of the bank, which thereupon gave the same credit to the parties for whom it had thus indorsed, and received no benefit therefrom—
Held, That although an accommodation indorsement by a national bank, in such cases, was void in the hands of holders against whom notice of the character of the indorsement could be concluded, yet that the bank was liable for the same to holders, for value, without notice. (*Blair vs. First National Bank, Mansfield, Ohio. United States circuit court for Ohio, at Cleveland, November term, 1875, Emmons, J. Reported in Bankers' Magazine for March, 1878, pp. 721-5.*)
Query, whether, under the provisions of section 5202 of the Revised Statutes of the United States, any indorsement by a national bank is not *ultra vires*. (*Johnston.*)
- II. It is no defense to a suit against the acceptor of a draft which has been discounted, and upon which money has been advanced by plaintiff, that the draft was accepted for the accommodation of the drawer. (*Davis v. Randall, 115 Mass., p. 547.*)
- III. A national bank discounted a note made by the defendant for the benefit of the payee, and which the payee agreed to take care of at maturity: *Held*, that the bank could recover the note although it had, when it took the note, full notice of the circumstances under which it was given. (*Thatcher vs. West River National Bank, 19 Mich., p. 196.*)
 See, also, Title "EVIDENCE."
- IV. That the accommodation acceptance, indorsement, bill, or note of a corporation is *ultra vires*. (See *Bank of Genesee vs. Patchin Bank, 13 N. Y., p. 309, and 19 N. Y., p. 312; Bank of Auburn vs. Putnam, jr., 1 Abb. App. Decisions, p. 80; Monfords vs. Farmers' & Mech. Bank, 26 Barb., p. 568; Farmers' & Mech. Bank vs. Troy City Bank, 1 Doug. (Mich.), p. 45.*)

[NOTE.—In the United States circuit court, western district Virginia, Judge Bond has recently decided the cases of *Seligman & Co. vs. The Charlottesville National Bank*, and *Johnston Brothers & Co.* against the same bank. The first was an action of *coercant* upon a *letter of credit* for £5,000, issued under the seal of the bank, pursuant to a resolution of the board of directors, guaranteeing the drafts of Flannagan & Son to the amount of said letter. The latter was *assumpsit* upon five bills of exchange for \$5,000 each, dated April 16, 1875, each drawn by said Charlottesville Bank upon the Citizens' National Bank of Baltimore, payable to the order of Flannagan & Son, acceptance waived, maturing upon days "fixed" within five days of each other, the first, November 20, and the last, December 10 of same year. Said bills were *not* drawn against funds due or to become due from the said Citizens' to said Charlottesville Bank, but were a mere loan of the credit of the latter bank (it being without funds) to the said Flannagan & Son, and drawn to be used by the latter, as they were used, as collateral security in part for a loan of \$25,000, made by said *Johnston Brothers & Co.* to said Flannagan & Son. Said plaintiffs took said bills as such collateral security, and with full notice of all the facts aforesaid.

Held, I. That said letter of credit and said bills of exchange were only the accommodation paper of said Charlottesville National Bank, and, as such, void in the hands of the plaintiffs, holding with full notice of their character.

II. That the incidental powers conferred upon national banks are not such as are conferred upon banks generally, but only such as are necessary to carry on the specific banking business prescribed by the national bank act. Hence, though such banks may borrow money for certain purposes, they have no power to loan their credit to customers.

These cases will be reported in the *Bankers' Magazine* for December, 1879.]

ACTIONS.

- I. A national bank may be sued in the proper State court. (*Bank of Bethel vs. Pahquioque Bank, 14 Wall., 323, p. 395.*)
- II. Such banks may sue in Federal courts. The word "by" was omitted in section 57 of act of 1864 by mistake. (*Kennedy vs. Gibson, 8 Wall., pp. 506-7.*)
 Receivers may also sue in United States courts. (*Ibid.*)
- III. When the full personal liability of shareholders is to be enforced the action *must* be at law. (*Kennedy vs. Gibson, 8 Wall., p. 505; see also, Casey &c., vs. Galli, supra.*)
- IV. But if contribution only is sought, the proceedings may be in *equity*, joining all the shareholders within the jurisdiction of the court. (*Ibid., pp. 505-6.*)
 See, also, title "SHAREHOLDERS, INDIVIDUAL LIABILITIES OF," VI, *post*.

ACTIONS—Continued.

- V. A national bank located in one State may bring an action in the circuit court of United States sitting within another State, against a citizen thereof. (*Manufacturers' National Bank vs. Baack*, 8 *Blatch.*, 147.)
- VI. In such action it will be presumed, so far as the question of jurisdiction is concerned, that the stockholders of such bank are citizens of the State where the bank is located. (*Ibid.*) But in case of *Commercial Bank of Cleveland vs. Simmons*, decided in United States circuit court northern district of Ohio, it was held that a national bank does not sue in the Federal court by virtue of any right conferred by the judiciary act of 1789, but by virtue of the right conferred by its charter, the national-bank act, and this would seem to be the true doctrine. (See *Thomp. National Bank Cases*, 295.)
Also *First National Bank of Omaha vs. County of Douglas*, 3 *Dillon*, p. 298, decided by Mr. Justice Miller of the United States Supreme Court.
- VII. National banks can be sued *only* in the courts designated in the national-bank act. Therefore a State court of New York has no jurisdiction of an action against a national bank located in Alabama. (*Cadle vs. Tracy*, 11 *Blatch.* p. 101.) To the contrary of this, see *Cooke vs. State National Bank*, 52 *N. Y.*, p. 96.
See, also, Title "JURISDICTION," *post*.

ATTACHMENT OF ASSETS.

- I. When a creditor attaches the property of an insolvent national bank, he cannot hold such property against the claim of a receiver appointed after the attachment suit was commenced. Such creditor must share *pro rata* with all others. (*First National Bank of Selma vs. Colby*, 21 *Wall.*, p. 609.)
See, also, title "JURISDICTION," II, *post*.
- II. Section 5242 Revised Statutes United States prohibits the issuing of an attachment against a national bank by any State, county, or municipal court, before final judgment. (See *Central National Bank vs. Richland National Bank*, 52 *Howard*, *N. Y.*, p. 136.)

ATTORNEYS.

- I. Section 56 of currency act is directory only, and it cannot be objected by defense that a suit is brought by private attorney instead of the United States district attorney. (*Kennedy vs. Gibson*, 8 *Wall.*, p. 504.)

BY-LAWS.

- I. A national bank cannot by its by-laws create a lien on the shares of a stockholder who is a debtor of the association. (*Bullard vs. National Bank, &c.*, 18 *Wall.*, p. 589.)
See, also, case of *Bank vs. Lanier*, 11 *Wall.*, p. 369, cited under "LOANS ON SHARES," *post*.
[NOTE.—In *Young vs. Vaughn*, 23 *N. J. Equity R.*, p. 325, it was held that a national bank could by its by-laws prohibit the transfer of shares by a shareholder while indebted to the bank and that transfers in violation of such by-laws were void. As it is held by the Supreme Court of the United States that such by-laws can create no lien for indebtedness, it would seem that a regulation prohibiting such transfers can be of little practical use, even if the power exist.]

CHECKS.

- I. The holder of a check on a national bank cannot sue the bank for refusing payment, in the absence of proof that it was accepted by the bank. (*National Bank of the Republic vs. Millard*, 10 *Wall.*, p. 152.)
- II. The relation of banker and customer is that of debtor and creditor. Receiving deposits is an important part of the business of banking, but the moment they are received they become the moneys of the bank, may be loaned as a part of its general fund, and the check of the depositor gives no lien upon them. (*Ibid.*, *per Davis, J.*, p. 155.)
- III. Perhaps, on proof that check had been charged to the drawer, and that the bank had settled with him on that basis, the holder or payee could recover on a count for "money had and received." (*Ibid.*, pp. 155-6.)
- IV. The facts that the bank was a United States depository and the check was drawn by a United States officer to a United States creditor do not vary the rule. (*Ibid.*, pp. 155-6.)
- V. Where a bank pays a check drawn on it in favor of a party whose indorsement thereon is forged, and the same has passed through several hands, only reasonable diligence is required to be exercised in giving notice to prior holders of the forgery, after its discovery, in order to hold them liable. (*Schroeder vs. Harvey*, 75 *Ill.*, p. 638)

LXII REPORT OF THE COMPTROLLER OF THE CURRENCY.

CHECKS—Continued.

- VI. A clerk of plaintiffs' received from their debtors checks, payable to their (plaintiffs') order, in payment of sums due. The clerk, wrongfully and without authority, indorsed the names of the plaintiffs on these checks and transferred them to other persons, appropriating the proceeds to his own use. Subsequently these checks were deposited with a bank, which in good faith collected them and paid over the proceeds to the depositors. In a suit by plaintiffs against the bank, to recover the amounts so collected by it: *Held*, that the bank was liable. (*Johnson vs. First National Bank*, 13 *N. Y. Sup. C.*)
- VII. Bankers are presumed to know the signatures of their customers, and pay checks purporting to be drawn by them at their peril. (*Weisser vs. Dennison*, 10 *N. Y.*, p. 68; *National Bank of the Commonwealth vs. Grocers' National Bank*, 35 *Howard, N. Y., Pr.*, p. 412.) This last case holds that if the bank, the drawee, pays the forged check to the holder, it cannot recover back the money so paid. The same doctrine was held in case of *First National Bank of Quincy vs. Ricker*, 71 *Ill.*, p. 439; but qualified by holding that it applied only where the presumed negligence was all on the side of the bank, and where the holder or payee had been guilty of no fraud or act to throw the bank off its guard.
- VIII. CERTIFYING.—National banks have the power to certify checks; and this power may be exercised by the cashier without any special authorization. The directors can limit this power, but such limitation will be no defense as to parties having no notice. (*Merchants' Nat. Bank vs. State Nat. Bank*, 10 *Wall.*, p. 604.)
- IX. A certificate of a bank that a check is good is equivalent to an acceptance, implying that the bank has the funds to pay it, and that they are set apart for that purpose. (*Ibid.*)
- X. A national bank is liable on a check certified by its cashier to the holder in good faith, although the drawer had no funds in the bank when it was certified. (*Cooke vs. State Nat. Bank*, 52 *N. Y.*, p. 96.)
- XI. The act of Congress of March 3, 1869, making it unlawful for a national bank to certify checks unless the drawer has at the time funds on deposit to an amount equal to the amount specified in the check, does not invalidate a conditional acceptance of a check by such bank, having no funds of the drawer in its hands at the time, but engaging to pay the same when a draft left with it for collection by the drawer shall have been paid. (*National Bank vs. National Bank*, 7 *West Va. St.*, p. 544.)

CITIZENSHIP.

- I. National banks are *citizens* of the State in which they are organized and located, and when sued by national banks of other States have a right to demand a removal of the suit from a State to the proper Federal court. (*Chatham National Bank vs. Merchants' National Bank*, 4 *Thomp. & C. (Thompson & Cook)*, *N. Y. Sup. C.*, p. 193, and 1 *Hunter, N. Y.*, p. 792. See also title "ACTIONS" V and VI, *supra*; *Daris vs. Cook*, 9 *Nevada*, p. 134.)
- II. A national bank, being a citizen of the State in which it is located, may be required to give security for costs when suing in another State; and in the State of New York such security may be required, because the bank is regarded as a corporation created by a foreign State. (*National Park Bank vs. Gunst*, 1 *Abbott's New Cases*, 292.)

COLLECTIONS.

- I. A bank receiving paper for collection undertakes to use due diligence in making demand at maturity, and giving the proper notices of non-payment. An unreasonable delay will charge the bank with liability for the amount; and proof that the paper would not have been paid, if presented, will constitute no defense. (*Bank of Washington vs. Triplett*, 1 *Peters*, p. 25; *Bank of New Hanover vs. Kenner*, 76 *N. C.*, p. 340; *Steele vs. Russell*, 5 *Nebr.*, p. 211; *Capital State Bank vs. Lane*, 52 *Miss.*, p. 677; *Fabens vs. Mercantile Bank*, 23 *Pick., Mass.*, p. 320.)
- II. And if the bank receiving paper for collection, upon a sufficient consideration, transmits it to another bank to be collected, the receiving bank will be liable for the misconduct of such other bank, unless there is some agreement to the contrary. (*Montgomery County Bank vs. Albany City Bank*, 7 *N. Y.*, p. 459; *Commercial Bank vs. Union Bank*, 11 *N. Y.*, p. 203; *Kent vs. Dawson*, 13 *Blatchf.*, p. 237; *First National Bank vs. First National Bank of Denver*, 4 *Dill.*, p. 290.)
- III. A bank received a check upon itself for collection, being at the same time a large creditor of the drawer, and failed, without excuse, to notify the depositor of the non-payment of the check: *Held*, that the bank was chargeable for the negligence. (*Bank of New Hanover vs. Kenner*, *supra*.)

COLLECTIONS—Continued.

- IV. A bank holding a check for collection, and accepting the certification of the bank upon which it is drawn, in lieu of payment, assumes the risk and thereby becomes liable to the owner for the amount, with interest from date of certification. (*Essex County National Bank vs. Bank of Montreal, 7 Bissell, p. 193.*)
- V. The *Corn Exchange National Bank of Chicago* sent defendant, the *Dawson Bank* at Wilmington, N. C., a draft drawn upon one *Wiswall*, living at Washington, N. C., for collection. Defendant by letter acknowledged the receipt of the draft, stating that it had been credited to the *Corn Exchange Bank*, and entered for collection. Thereupon defendant sent draft to *Burbank & Gallagher*, bankers at Washington, N. C., for collection. The latter house collected the draft, but failed and passed into bankruptcy before remitting. In a suit brought by the assignee of the *Corn Exchange National Bank* against the *Dawson Bank* to recover the proceeds of the draft: *Held, per Wallace, J.*, that the latter bank was liable for the amount. (*Kent, assignee, &c., vs. The Dawson Bank, 13 Blatchf., p. 237.*)
- [NOTE.—The court concedes that the authorities are conflicting upon the point involved in this case. In *New York, Ohio*, and in *England*, the decisions sustain the conclusion of Judge Wallace, while in *Connecticut, Massachusetts, Illinois, and Pennsylvania* precisely the contrary rule prevails. The point was made in this case that the law of Illinois should control the rights of parties, but it was held otherwise.]
- VI. In an action by G against a bank it appeared that a note was made to G's order, indorsed by him, and sent through the house of B, a banker, for collection, and by B indorsed to the defendant bank, "for collection and credit": *Held*, that B, by the indorsement, did not become the owner of the note, and had no right to pledge it, or direct its proceeds to be credited to him in payment of his indebtedness to the defendant bank. (*First National Bank vs. Gregg, 79 Pa. St., p. 384.*)
- VII. In such case, if the defendant bank had made advances, or given new credit to B on the faith of the note, it would have been entitled to retain the amount out of the proceeds. (*Ibid.*)
- VIII. A bank holding a customer's demand note has a lien upon the proceeds of drafts delivered to it for collection, after the giving of the note, though collected after the filing of a petition in bankruptcy, and can apply such proceeds upon the notes. (*Re Farnsworth, 5 Biss., p. 223.*)
- IX. A collection agent who receives from his principal a bill of lading of merchandise, deliverable to order, and attached to it a time draft, may, in the absence of special instructions, deliver the bill of lading to the drawee of the draft, upon the latter's acceptance of the draft. It is not the duty of the agent to hold the bill after such acceptance. (*National Bank of Commerce vs. Merchants' National Bank, 1 Otto, p. 92.*)
- X. *Woolen & Co.*, bankers at Indianapolis, sent to defendant, a bank at Buffalo, a draft on one Bugbee; also bills of lading for sundry car-loads of lumber. The remittance was by letter, which merely stated that the draft and bills were sent to defendant for collection and remittance of proceeds to plaintiffs, *Woolen & Co.* The draft was drawn by, and to the order of, *Coder & Co.*, indorsed by them, by Mayhew, and the plaintiffs. By the terms of draft the drawer, indorsers, and acceptor waived presentment for payment and notice of protest and non-payment. It was payable fifteen days after its date, and it was admitted that by ordinary course of *transit* the lumber would reach its destination eight days prior to the maturity of the draft. There had been no business transactions between plaintiffs and defendants, save one collection similar to this. Defendants presented the draft to Bugbee for acceptance, and, upon such acceptance, delivered to him the bills of lading. Bugbee failed before the draft matured, and plaintiffs sued defendants for delivering the bills of lading to Bugbee before payment of the draft. It was conceded that the draft was drawn for the price or value of the lumber: *Held, per Wallace, J.*, that, the draft being on time, it must be presumed that it was the intent of parties that Bugbee should realize from sale of the lumber the funds to meet the draft at maturity. Therefore, upon his acceptance of the draft, he was entitled to the bills of lading, and defendants were not liable for thus delivering them, but if the draft had not been upon time, a different rule might have prevailed. (*Woolen & Webb vs. N. Y. and Erie Bank, 12 Blatchf., p. 359.*)

LXIV REPORT OF THE COMPTROLLER OF THE CURRENCY.

COMPROMISES.

- I. In adjusting and compromising contested claims against it, growing out of a legitimate banking transaction, a national bank may pay a larger sum than would have been exacted in satisfaction of them, so as to thereby obtain a transfer of stocks of railroad and other corporations, in the honest belief that, by turning them into money under more favorable circumstances than then existed, a loss which it would otherwise suffer from the transaction might be averted or diminished. (*First National Bank vs. National Exchange Bank*, 2 *Otto*, p. 122.)
- II. So, also, it may accept stocks in satisfaction of a doubtful debt, with a view to their subsequent conversion into money, in order to make good or reduce an anticipated loss. (*Ibid.*)
See, also, Title "ESTATE, REAL," I, *post*.

COMPTROLLER.

- I. The Comptroller appoints the receiver, and can therefore remove him. (*Kennedy vs. Gibson*, 8 *Wall.*, p. 498.)
- II. The Comptroller's certificate, reciting the existence of the facts of which he is required to be satisfied, to justify the appointment of a receiver, under section 50 of the national-bank act, is sufficient evidence of the validity of such appointment, in an action brought by such receiver. (*Platt vs. Bebee*, 57 *N. Y.*, p. 339.)
- III. The Comptroller must authorize any increase of the capital stock of a national bank; and such increase must be certified by him as prescribed by section 13 of the act of Congress providing for the organization of national banks. (R. S., sec. 5142. *Charleston vs. People's National Bank*, 5 *S. C.*, p. 103.)
- IV. The Comptroller cannot subject the United States Government to the jurisdiction of a court, though he appears and answers to the suit. (*Case vs. Terrill*, 11 *Wall.*, p. 199.)
See, also, Title "SHAREHOLDERS, INDIVIDUAL LIABILITY OF," *post*.

CONVERSION.

- I. The conversion of a State into a national bank works no dissolution, only a change of the original corporation; nor does the latter thereby escape any of its liabilities. (*Maynard vs. Bank*, 1 *Brewster, Pa.*, p. 483; *Kelsey vs. National Bank of Crawford*, 69 *Pa. St.*, p. 426; *Coffey vs. National Bank of Missouri*, 46 *Mo.*, p. 140.)

CURRENCY ACT.

- I. The purpose of the currency act was, in part, to provide a currency for the whole country, and, in part, to create a market for the government loans. (*Per Strong, J.*, in *Tiffany vs. Missouri*, 18 *Wall.*, p. 413.)
- II. National banks organized under the act of Congress of June 3, 1864, are the instruments designed to be used to aid the government in the administration of an important branch of the public service; and Congress, which is the sole judge of the necessity for their creation, having brought them into existence, the States can exercise no control over them, nor in any wise affect their operation, except so far as Congress may see proper to permit. (*Per Swayne, J.*, in *Farmers and Mechanics' National Bank vs. Dearing*, 1st *Otto*, p. 29.)
- III. The constitutionality of the act of June 3, 1864, is unquestioned. It rests on the same principle as the act creating the second Bank of the United States. The reasoning of Secretary Hamilton, and of this court in *McCulloch vs. Maryland*, 4 *Wheat.*, p. 316, and in *Osborne vs. Bank U. S.*, 7 *Wheat.*, p. 708, therefore applies.
- IV. The power to create carries with it the power to preserve. The latter is a corollary of the former. (*Ibid.*, *per Swayne, J.*, pp. 33-34.)

DEBTORS OF NATIONAL BANKS.

- I. Debtors of an insolvent national bank, when sued by the receiver, cannot object that pleadings do not show a compliance with all the steps prescribed by statutes as preliminary to the appointment of such receiver. (*Cadle, Receiver, &c.*, vs. *Baker & Co.*, 20 *Wall.*, p. 650.)
- II. Such ordinary debtors may be sued by receiver without previous order of the Comptroller. (*Bank vs. Kennedy*, 17 *Wall.*, p. 19.)

DEPOSITS, GENERAL.

- I. The relation between a bank and its depositors is that of debtor and creditor only, and is not fiduciary. Thus, a note deposited for collection, if passed to the credit of the depositor in his general account, then overdrawn, becomes the property of the bank, which becomes indebted to him for the proceeds. Upon the bankruptcy of the bank, the proceeds are assets available to the general creditors. And the fact that the account was made good by other deposits before collection of the note makes no difference. (*In re Bank of Madison*, 5 *Bissell*, p. 515.)

DEPOSITS, GENERAL—Continued.

- II. A deposit is general, unless the depositor makes it special, or deposits it expressly in some particular capacity. And in case of a general deposit of money with a banker, a previous demand by the depositor, or some other person by his order, is indispensable to the maintenance of an action for the deposit, unless circumstances are shown which amount to a legal excuse. (*Brahm vs. Adkins*, 77 Ill., p. 263.)
- III. A national bank having become insolvent, a depositor therein assigned his deposit to a debtor of the bank. *Held*, that the latter could not offset such deposit against his debt, in an action thereon. (*Venango Nat. Bank vs. Taylor*, 56 Pa. St., p. 14.)
- IV. A depositor was also indebted to the bank on bond and mortgage. *Held* that he could offset his deposit against said indebtedness, the bank being in the hands of a receiver. (*Matter of New Amsterdam Sav. Bank vs. Tartler*, 54 How. (N. Y. Pr.), p. 385.)
- V. The claims of depositors in a suspended national bank are, when proved to the satisfaction of the Comptroller of the Currency, on the same footing as if they were reduced to judgments, and from date of such proof bear interest. (*Nat. Bank of the Commonwealth vs. Mich. Nat. Bank*, 94 U. S. (4 Otto), p. 437.)

DEPOSITS, CERTIFICATES OF.

- I. A certificate of deposit was issued by a bank for a certain sum, subject to the order of the depositor at a certain date, payable on the return of the certificate:
Held, in an action on said certificate against the bank, brought by an assignee, that there could be no recovery without proof of an actual demand and refusal of payment. (*Brown vs. McElroy*, 52 Ind., p. 404.)
- II. In a suit against the bank, upon a stolen certificate of deposit given by the defendant to the plaintiff, reciting that he had deposited in the bank a certain number of dollars, payable to his order *in current funds*, on the return of the certificate properly indorsed:
Held, first, that the instrument should be regarded as the promissory note of the bank, assignable under the statute (of Indiana), but that it was not negotiable as an inland bill of exchange, being made payable, not in money, but "in current funds"; second, that the payee could recover on said stolen certificate without giving a bond against a subsequent claim thereunder by another person. (*National State Bank vs. Ringel*, 51 Ind., p. 393.)
- III. Where a bank issues a certificate of deposit, payable on its return properly indorsed, it is liable thereon to a *bona-fide* holder, to whom it was transferred *seven* years after it was issued, notwithstanding the payment thereof to the original holder. Such certificate is not dishonored until presented. (*National Bank Fort Edward vs. Washington Co. National Bank*, 5 Hun., N. Y. Sup. Court, p. 605.)
- IV. Under a statute prohibiting the circulation of bills or notes *not* payable on demand, banks have no power to issue time certificates of deposit; and such certificates, if issued, are void. They are equivalent to post notes. (*Bank of Peru vs. Farnsworth*, 18 Ill., p. 563; *Bank of Orleans vs. Merrill*, 2d Hill (N. Y.), p. 295; *Leviatt vs. Palmer*, 3 N. Y. (Comst.), p. 19.)

DEPOSITS, SPECIAL.

- I. The taking of special deposits to keep, merely for the accommodation of the depositor, is not within the authorized business of national banks; and the cashiers of such banks have no power to bind them on any express contract accompanying, or any implied contract arising out of, such taking. (*Wiley vs. First National Bank*, 47 Vt., p. 546.)
- II. If a banking association, under the national-currency act, has power to assume the duties and obligations of a naked bailee of property, either gratuitously or for hire (as to which point the court does not decide, though apparently inclined to deny such power), it is clearly outside its ordinary business; and it is not within the scope of the general powers or general authority of its executive or ministerial offices to bind such corporation by a contract for such bailment. Therefore, in the absence of proof of special authority for that purpose, delegated by the board of directors, or evidence that such powers have been exercised by their knowledge and sanction, or that such has been the habit and custom of the bank, it is not responsible for property thus received by its cashier. (*First National Bank Lyons vs. Ocean National Bank*, 60 N. Y., p. 278.)
- III. A circular issued by such corporation, inviting the correspondence of other banks, and offering to buy and sell securities for them, is no evidence of a consent, on its part, to become a general bailee and depository of such securities for its correspondents. (*Ibid.*)

LXVI REPORT OF THE COMPTROLLER OF THE CURRENCY.

DEPOSITS, SPECIAL—Continued.

IV. The corporations formed under the national-currency act are banks of deposit, as well as circulation. They are authorized to issue their own notes, and receive from others their money and circulate it. Money so received is termed a deposit, although it has none of the qualifications of a bailment, thus named. There is no trust or promise to redeliver the same money. By the deposit the money becomes the property of the bank, and only the relation of debtor and creditor is created. (*Ibid.*, per *Allen, J.*, p. 288.)

[NOTE 1.—In the last-cited case the cashier of the Ocean National Bank had, at sundry times, received United States bonds belonging to the Lyons bank. Some of these bonds had been purchased by said cashier and the assistant cashier for the Lyons bank. Two or three times, by the order of the latter bank, the coupons of these bonds had been cut off by said cashier and proceeds credited to the Lyons bank. But there was no proof that these transactions were done, or that said bonds were kept in the vault of said Ocean Bank, with the knowledge of the directors. While said bonds were thus kept, burglars broke in and stole them. The court held, and the opinion was unanimous, that there was no difference under the currency act between such a deposit of United States bonds and a deposit of other valuable property, such as plate, diamonds, or jewelry, for safe-keeping, gratuitously. It was a naked bailment of deposit, without reward, and such an act of the cashier as did not bind the bank.]

For definition of the bailment called "deposit," and the liabilities of such a bailee, see *Story on Bailments*, section 4, and sections 61 to 135.

As to special deposits of money with a bank, see *Story on Bailments*, section 88; also *Smith vs. First National Bank*, 99 *Mass.*, p. 605. In this last case there had been a special deposit of gold coin, to be returned when called for. The cashier embezzled the funds: *Held*, that the bank was not liable, as there was no gross negligence on the part of the corporation.

[NOTE 2.—The cases of *Wiley vs. First National Bank* and *First National Bank of Lyons vs. Ocean National Bank*, as above cited, are referred to with decided approval in *Wecker vs. First National Bank of Hagerstown*, 42 *Md.*, p. 581. It is proper to state, however, that the cases of *Scott vs. National Bank of Chester Valley*, 72 *Pa. St.*, p. 471; *First National Bank of Carlisle vs. Graham*, 79 *Pa. St.*, p. 106, and *Chattahoochee National Bank vs. Schley*, 58 *Ga.*, p. 369, hold directly the contrary doctrine, although in the last-named case the point was not really in dispute. The rulings in New York and Vermont would seem, to the writer, sound; but the custom of receiving special deposits for safe-keeping, and without reward, has been so general with banks that it may control, in giving construction to the national-bank act.]

DIRECTORS OF NATIONAL BANKS.

- I. Directors of a national bank may remove the president, both under the law of Congress and the articles of association, where the latter so provide. The power exists if the bank has adopted no by-laws. (*Taylor vs. Hutton*, 43 *Barb.*, *N. Y. Sup. Court*, p. 195; *S. C.*, 18 *Abb. Pr. R.*, p. 16.)
- II. In all cases where an act is to be done by a corporate body, a majority of the whole number of directors is necessary to constitute a valid meeting; but at a meeting when a quorum is present, the majority of those present may act. A by-law adopted when less than a majority are present is void. (*Lockwood vs. American National Bank*, 9 *Rhode Island*, p. 308. See Title "OFFICERS," *post.*)

EMBEZZLEMENT.

- I. When the president of a national bank, having charge of its funds, converts them to his own use, he embezzles and abstracts them within section 55 (R. S., sec. 5209) of the national-bank act, unless he shows authority for thus using them. (*In the matter of Van Campen*, 2 *Benedict*, p. 419, per *Blatchford, J.*)
- II. Although false entries in regard to such embezzlement are made on the books of such bank by the clerk, but by the order of the president, the latter is chargeable as principal; and the intent to defraud the bank is to be inferred from the fact of such embezzlement. (*Ibid.*)
- III. The cashier of a national bank was indicted under said section 55 for embezzling and willfully misapplying the moneys of the bank with intent to defraud, &c. On trial it was proved that defendant took the moneys of the bank and used them in stock speculations, carried on in his own name, by depositing the same with a stock broker as "margins" for stocks bought on his own account. *Held*, that the intent to injure or defraud was conclusively presumed upon proof of the act charged; and, therefore, evidence was not admissible to prove that the cashier used the funds with the knowledge and consent of

EMBEZZLEMENT—Continued.

the president, and some of the directors of the bank, and on account of and for the benefit of the bank. (*United States vs. Taintor*, 11 *Blatchf.*, p. 374.)

[NOTE.—This last case was decided in the United States circuit court, southern district of New York, Woodruff, Blatchford, and Benedict, J. J., all concurring in the decision.]

- IV. A State court has no jurisdiction of the crime of embezzlement by an officer of a national bank situated within the State. (*Commonwealth vs. Felton*, 101 *Mass.*, p. 204; *State vs. Tuller*, 34 *Conn.*, p. 280.) But in this latter case it was also held that while a teller of such bank could not be punished for embezzling the funds of the bank, he could be convicted, under the statute of the State, for purloining property deposited with such bank for safe-keeping; and in *Commonwealth vs. Barry*, 116 *Mass.*, p. 1, it was decided that though an officer of a national bank, who has stolen its property, may be subject to punishment for embezzlement under the national law, he may also be punished for the same act, as a larceny, under the statute of the State.

ESTATE, REAL.

- I. The want of power of a bank, or of its trustee (receiver) in insolvency, to purchase and hold real estate, does not render void an arrangement whereby land subject to a lien in favor of the bank, and to other liens, is discharged of those other liens by funds from the assets of the bank, the land being then sold, and the entire proceeds of such sale realized to the bank assets, provided the title does not pass through the bank or its trustee. (*Zantzingers vs. Gunton*, 19 *Wall.*, p. 32.)

See, also, Title "LOANS ON REAL ESTATE," *post*.)

ESTOPPEL.

- I. A shareholder in a national bank, who has participated in its transactions as such, and received dividends, is estopped from denying the legality of its incorporation. The same rule applies to one accustomed to deal with a national bank as such, as by giving his promissory note to such bank. (*Wheelock vs. Kost*, 77 *Ill.*, p. 296; *National Bank vs. Phoenix Warehousing Company*, 6 *Hun. (N. Y.)*, p. 71; *Casey vs. Galli*, 94 *U. S.*, p. 673, and numerous cases therein cited.)

EVIDENCE.

- I. Even if it is within the authority of the president of a national bank to bind the bank by an agreement with the acceptor of a draft, which is discounted by the bank, not to enforce the draft against him, yet oral evidence of such an agreement is not competent in defense of a suit by the bank against the acceptor. (*Davis vs. Randall*, 115 *Mass.*, p. 547.)
- II. The certificate of the Comptroller of the organization of a national bank is conclusive evidence as to the completeness of such organization, in a suit against one of its shareholders. (*Casey vs. Galli*, *ante*; *Thatcher vs. West River National Bank*, 19 *Mich.*, p. 196.)
- III. In ordering an assessment for the payment of the debts of an insolvent bank, the stock certificates and stock ledger of the bank must be taken by the Comptroller of the Currency, in the absence of fraud or mistake, as showing who the stockholders were at the time of the failure. (*Davis vs. Essex Baptist Society*, 44 *Conn.*, p. 582.)

INTEREST.

- I. Under section 30, act of 1864, a national bank in any State may take as high rate of interest as by the laws of such State a natural person may stipulate for, although State banks of issue are restricted to a less rate. (*Tiffany vs. National Bank of Missouri*, 18 *Wall.*, p. 409.)
[NOTE.—In Missouri, natural persons may take ten per cent., but State banks are restricted to eight per cent. In this case the national bank had taken nine per cent.: *Held*, legal.]
- II. *Held*, also, that as the action was virtually brought to recover the penalty for usury, the statute (section 30) must receive a strict construction. (*Ibid.*, p. 409.)
- III. In a suit by a national bank upon a bill of exchange discounted by it, the acceptor cannot set up by way of counter-claim, or set-off, that the bank in discounting a series of bills of said acceptor, the proceeds of which it used to pay other bills, knowingly took, and was paid, a greater rate of interest than that allowed by law. (*Barnett vs. National Bank*, 98 *U. S.*, 8, *Otto*, p. 555.)

LXVIII REPORT OF THE COMPTROLLER OF THE CURRENCY.

INTEREST—Continued.

IV. The act of June 3, 1864 (R. S., sec. 5198), having prescribed that, as a penalty for such taking, the person paying such unlawful interest, or his legal representative, may in an action of *debt* against the bank recover back twice the amount so paid, he can resort to no other mode or form of procedure. (*Ibid.*, *Brown vs. Second National Bank of Erie*, 72 Pa. St., p. 209.)

[NOTE.—The above case in 98 U. S. overrules several State decisions on the same point.]

See also Title "USURY," *post*.

INTEREST ON CLAIMS OF CREDITORS.

- I. Where a national bank is put in charge of a receiver, under section 50 of the original currency act (R. S., sec. 5234), and a sufficient sum is realized from its assets to pay all claims against it and leave a surplus, the Comptroller ought to allow interest on the claims during the period of administration before appropriating the surplus to the stockholders of the bank. An action of assumpsit by the holder of such a claim will not lie against the Comptroller, nor against the receiver, but will lie against the bank. (*Chemical National Bank vs. Bailey*, 12 Blatchf., p. 480.)
- II. In such action interest is recoverable on all demands originating in contract conditioned for the payment of interest, and on all demands for money due and unpaid, by way of damages for non-payment after such demands became due. And interest is recoverable on a balance due a depositor in such bank, although he has made no formal demand of payment. (*Ibid.*) But, as to this last point, see the ruling of the Supreme Court.
- III. In the case of *National Bank of the Commonwealth vs Mechanics' National Bank*, 4 Otto, p. 437, the Supreme Court United States decided that a depositor in a national bank, when it suspends payment and a receiver is appointed, is entitled from the date of his demand to interest upon the deposit; that the claims of depositors in such bank at date of suspension for the amount of their deposits are, when proved to the satisfaction of the Comptroller of the Currency, placed upon the same footing as if reduced to judgments; that is to say, they draw interest from the time of such proof and allowance. It was also decided that, such interest being a liquidated sum at the time of the payment of the deposit, an action lies to recover it, and interest thereon.
- IV. When the Comptroller assesses shareholders to pay the debts of an insolvent national bank, such assessment bears interest from the date of the Comptroller's order. (*Casey vs. Galli, ante.*)

JUDGMENTS.

- I. A judgment against a national bank in the hands of a receiver, upon a claim, only establishes the validity of such claim; the plaintiff can have no execution on such judgment, but must await *pro rata* distribution. (*Bank of Bethel vs. Pahquioque Bank*, 14 Wall., p. 383. *Clifford, J.*, p. 402.)

JURISDICTION.

- I. A United States district court has jurisdiction to authorize a receiver of an insolvent national bank to compromise a debt. (*Matter of Platt*, 1 Ben., p. 534.)
- II. A resident (citizen) of Kentucky was a creditor of a national bank located in Alabama, and commenced a suit on his claim against said bank in the supreme court of the State of New York, at the same time attaching certain moneys belonging to said bank, in the hands of the National Park Bank, in New York. Subsequently the receiver of the Alabama bank (which had failed) was, on his own motion, made party defendant to the action pending in the New York supreme court, and pleaded "*want of jurisdiction*," and other defenses. The supreme court overruled his plea to the jurisdiction, rendered judgment against the receiver on the merits, and ordered satisfaction to be made from the moneys attached. Thereupon the receiver filed his bill in chancery in the *United States circuit court* for the proper circuit, praying an injunction to restrain the collection of the judgment rendered by said supreme court, and that the moneys attached be paid to him as receiver.
Held, that, by the provisions of the currency act, the State court was deprived of jurisdiction of the attachment proceedings; that the receiver was not stopped by the proceedings in said State court from asserting his rights in said circuit court, and that he was entitled to the relief prayed for in his bill. (*Cadle, receiver, &c., vs. Tracy*, 11 Blatchf., p. 101.)
See also Title "RECEIVERS," VII, *post*.
- III. State courts have no jurisdiction of actions to recover penalties imposed by the national-bank act. (*Newell vs. National Bank of Somerset*, 12 Bush., Ky., p. 57.)
(See also Title "EMBEZZLEMENT," IV, *ante.*)

JURISDICTION—Continued.

- IV. The United States circuit court has no jurisdiction of a suit by a private person to restrain or interfere with the Treasurer of the United States or the Comptroller of the Currency in the discharge of their duties in respect to bonds deposited to secure the redemption of circulating notes of a national bank. (*Van Antwerp vs. Hulburd*, 7 *Blatchf.*, p. 426.)
- V. An action will not lie against the Comptroller nor the receiver, upon a claim against an insolvent national bank, but will lie against such bank. (*Chemical National Bank vs. Bailey*, *ante*. See also *Bank of Bethel vs. Pahquioque Bank*, *ante*.)
- VI. A national bank cannot be sued in the United States district courts outside of the district where it is located. (*Main vs. Second Nat. Bank of Chicago*, 6 *Bis-sell*, p. 26.)
- Nor can such action be brought against a national bank in a State court, save in the county or city where it is located. (*Crocker vs. Marine National*, 101 *Mass.*, p. 240.)

See also Title "ACTION," VII, *ante*; also "EMBEZZLEMENT," IV, *ante*.)

LOANS IN EXCESS.

- I. A loan by a national bank in excess of the restriction of section 29 of the act of 1864 (Revised Statutes, section 5200), which provides that the total liabilities of any person (borrower) shall not exceed ten per centum of the capital stock, &c., is not void on that account. The loan may be enforced, though the bank may be liable to proceedings for forfeiture of its privileges, &c., for making it. (*Stewart vs. National Union Bank of Maryland*, 2 *Abb.*, *United States*, p. 424. See also *O'Hare vs. Second National Bank*, 77 *Pa. St.*, p. 96.)

In *Samuel M. Shoemaker vs. The National Mechanics' Bank*, and *The Same vs. The National Union Bank*, application for injunction, &c., United States circuit court, Baltimore, Md., Judge Giles held * * * "As to the first charge in this bill against the defendant, in reference to the amount loaned to Bayne & Co., in violation of the twenty-ninth section of the act of June 3, 1864, I would only say that the loan made under such circumstances is not void; it can be enforced as any other loan made by the bank." *Vide* 31 *Md.*, p. 396.

The validity of a loan in excess of the above-named statutory restriction was established and set at rest by the decision of the Supreme Court United States, in the case of *Gold Mining Company vs. Rocky Mountain National Bank*, 96 *U. S.*, (6 *Otto*), p. 640.

LOANS ON REAL ESTATE.

- A executed a note to B, and, to secure payment thereof, also executed a deed of trust on lands, which was in effect a mortgage, with a power of sale thereto annexed. A national bank, on the security of the note and deed, loaned money to B, who thereupon assigned them to the bank. The note not being paid at maturity, the trustee was proceeding to sell the lands pursuant to the power, when A filed a bill in chancery to enjoin the sale upon the ground that by sections 5136-37, R. S., the deed did not inure as a security for a loan made by the bank at the time of the assignment of said note and deed. *Held*, that the bank was entitled to enforce collection of the note by a sale of the lands pursuant to the power in the deed of trust. *Union National Bank of St. Louis vs. Matthews*, 98 *U. S.* (8 *Otto*), p. 621.

Mr. Justice Miller dissented, holding the note valid, but that the deed was inoperative as security to the bank.

LOANS ON SHARES.

- I. National banks are governed by the act of 1864, which repealed the act of 1863, and cannot, therefore, make loans on the security of their own shares, unless to secure a pre-existing debt, contracted in good faith. (*Bank, &c.*, vs. *Lanier*, 11 *Wall.*, p. 369.)
- II. The placing of funds by one bank on permanent deposit with another bank is a loan within the spirit of section 35 of act of 1864. (*Ibid.*, p. 369.)
- III. Loans by such banks to their shareholders do not create a lien on the shares of such borrowers. (*Ibid.*, p. 369.)
- See also *Bullard vs. Bank*, 18 *Wall.*, p. 580; and "BY-LAWS," *supra*.
- IV. But a national bank has the right to make loans on negotiable notes secured by the stock of another corporation, of marketable values. (*Shoemaker vs. National Mechanics' Bank*, 1 *Hugh.*, p. 101.) The same doctrine was also held in case of *Germania National Bank et al. vs. F. F. Case, receiver, &c.*, decided by the Supreme Court U. S. at its last term. It will be reported in 99 *U. S.*, C. C.)

LXX REPORT OF THE COMPTROLLER OF THE CURRENCY.

LOCATION.

- I. Under sections 6, 8, 10, 15, 18, and 44 of the original currency act (13 Stat. at Large, 101), respecting the location of banking associations, a national bank is to be regarded as located at the place specified in its organization certificate. If such place is in a State, the association is located in that State. (*Manufacturers' National Bank vs. Baack*, 8 *Blatchf.*, p. 137.)

OFFICERS.

- I. CASHIER. The cashier is the general executive officer of a bank, having charge of its funds, notes, bills, and other choses in action. Either directly or through his subordinates he receives all moneys and notes of the bank, delivers up discounted paper when paid, draws checks to withdraw funds of the bank when deposited, and generally, as such executive officer, transacts most of the bank business. (*United States vs. City Bank of Columbus*, 21 *How.*, p. 356, and numerous later decisions.)
- II. But the cashier can make no declaration binding the bank not within the scope of his general powers. (*Bank of Metropolis vs. Jones*, 8 *Pet.*, p. 12; 8 *P.*, 3 *Watts & S., Pa.*, p. 317; 3 *Gill, Md.*, p. 96.)
- III. A cashier, who has made sale of corporate property, and holds a balance in his hands, is the agent of the board of directors, and not of the respective stockholders, and cannot be charged by an individual stockholder as holding such balance for his benefit. (*Brown vs. Adams*, 5 *Biss.*, p. 181.)
- IV. A cashier, without special authority, cannot bind his bank by an official indorsement of his individual note, and the *onus* is on the payee to show such authority. (*West Saint Louis Savings Bank vs. Shawnee Co. Bank*, 3 *Dill.*, p. 403.)
- V. Although the cashier of a bank may, in the ordinary course of business, without the action of the directors, dispose of the negotiable securities of the bank, he has not the power to pledge its assets for the payment of an antecedent debt. (*State of Tennessee vs. Davis*, 50 *How. (N. Y.)*, p. 447.)
- VI. DIRECTORS. It is the duty of directors of a bank to use ordinary diligence in acquiring knowledge of its business. They cannot be heard, when sued, to say that they were not apprised of facts the existence of which is shown by the books, accounts, and correspondence of the bank. They should control the subordinate officers of the bank in all important transactions. Therefore, under the circumstances proved in this particular case, they were held liable for the abstraction and sale of special deposits by the latter. (*United Society, &c., vs. Underwood*, 9 *Bush, Ky.*, p. 609; *German Bank vs. Wulfekuhler*, 19 *Kansas*, p. 60.)
- VII. The cashier of a national bank, who had executed no bond, embezzled its funds, discovery whereof might have been effected by use of slight diligence on the part of the directory. They, however, published, according to law, a statement of the condition of the bank, which showed that its affairs were being prudently and honestly administered, and from which the public had a right to believe that he was trustworthy. Afterward, persons who had seen this report became sureties on the official bond of the cashier, and for his subsequent embezzlements were sought to be held liable thereon: *Held*, That such sureties, being misled by the statement, were released. They had a right to believe that the directors, before publishing it, investigated the condition of the bank. (*Graves vs. Lebanon National Bank*, 10 *Bush, Ky.*, p. 23.)
- VIII. PRESIDENT. A guaranty against loss for signing as sureties, given by a bank president without authority from the directors, to those whom he had solicited thus to sign a note, given to the bank to retire a prior note held by it against their principal, is held to be the individual contract of the president, and not binding upon the bank. (*First National Bank vs. Bennett*, 33 *Mich.*, p. 520.)
- IX. A president of a bank, who, with the cashier, had the general charge of its business, permitted and directed the drawing of moneys from the bank by one irresponsible, without security, and for a business in which the president was interested with the party drawing the funds. He requested the cashier not to say anything of it to the directors: *Held*, That the president was personally responsible for the moneys thus drawn. (*First National Bank of Sturgis vs. Reed*, 36 *Mich.*, p. 263.) [*Quere*: Would not an indictment for embezzlement lie under the national-bank act?]
- X. The president of a bank, as such, has no authority to release the claims of the bank against any one. Such authority must come from the directors, by vote or implication. (*Olney vs. Chadsey*, 7 *R. I.*, p. 224.)

POST-NOTES.

- I. Certificates of deposit, payable at a fixed future day, held to be equivalent to post notes, and therefore void, as prohibited by a State law. (See *ante* Title, "DEPOSITS, CERTIFICATES OF," IV, and cases there cited.)

RECEIVERS.

- I. The receiver of a national bank is the instrument of the Comptroller, and may be removed by him. (*Kennedy vs. Gibson*, 8 Wall., p. 505.)
- II. Such receiver is the statutory assignee of the assets of the bank, and may sue to collect the same in his own name, or in the name of the bank *for his use*. (*Ibid.*, p. 506.)
- III. In such suit it is not necessary to make the bank or creditors parties. (*Ibid.*, p. 506.)
- IV. The receiver of a national bank represents such bank and its creditors, *but he in no sense represents the United States Government*, and cannot subject the government to the jurisdiction of any court. (*Case vs. Terrill*, 11 Wall., p. 199.)
- V. The decision of a receiver, rejecting a claim against his bank, is not final. Claimant may still sue. (*Bank of Bethel vs. Pahquioque Bank*, 14 Wall., p. 383.)
- VI. The clause of section 50, act of 1864, which prescribes that the receiver shall be "*under the direction of the Comptroller*," means only that he shall be *subject* to his direction, not that he shall not act without orders. He may and must collect the assets. That is what he is appointed for. (*Bradley, J., in Bank vs. Kennedy*, 17 Wall., pp. 22-3.)
- VII. Receivers of national banks are officers of the United States, within the meaning of the act of Congress of March 3, 1815, giving United States courts jurisdiction of actions by United States officers, and may sue in such courts. (*Platt, receiver, &c., vs. Beach*, 2 Ben., p. 303.)
[NOTE.—The judge places stress upon the provision of section 31 of the act of 1864, which requires (in that particular instance) that the Secretary of the Treasury shall concur in the appointment of the receiver.]
- VIII. Receiver not liable to be sued on a claim against the bank. (See Title, "JURISDICTION," V, *ante*.)

SET-OFF.

- I. In an action brought to enforce the individual liability of a shareholder of an insolvent bank, such shareholder cannot set off against such liability the amount due to him as a creditor of the bank. (*Garrison vs. Howe*, 17 N. Y., p. 458; *In re Empire City Bank*, 18 N. Y., p. 199.)
[NOTE.—Though these cases were decided by a State tribunal (New York court of appeals), and the rulings were based upon provisions of a State constitution and a State statute, yet the principle they enunciate is recognized and fully affirmed in *Sawyer vs. Hoag*, 17 Wall., p. 610, and *Seammon vs. Kimball*, 2 Otto, p. 362; *vide also, Venango National Bank vs. Taylor*, 56 Pa. St., p. 14.]
- II. As to when a depositor may set off his deposit against a debt due by him to an insolvent national bank, see *ante* Title DEPOSITS GENERAL, IV; also, *Platt, receiver, vs. Bentley*, 11 Am. Law Register, p. 171.
- III. Usurious interest paid cannot be set off. (See Title "INTEREST," III and IV, *ante*.)

SHAREHOLDER, WHO IS PRESUMED TO BE.

- I. A person is presumed to be the owner of stock when his name appears on the books of a company as a stockholder; and when he is sued as such, the burden of disproving such presumption is cast upon him. (*Turnbull v. Payson*, 95 U. S. (5 Otto), p. 418.)

SHAREHOLDERS, INDIVIDUAL LIABILITY OF.

- I. Comptroller must decide *when and for what amount* the personal liability of the shareholders of an insolvent national bank shall be enforced. (*Kennedy vs. Gibson*, 8 Wall., p. 505.)
- II. His decision as to this is conclusive. Shareholders cannot controvert it. (*Ibid.*, p. 505; *Casey vs. Galli*, 94 U. S. (4 Otto), p. 673; *Germania Bank et al. vs. Case, receiver, U. S. Supreme Court*, not yet reported.)
[NOTE.—These cases are decisive against the ruling in *Bowden vs. Morris*, 1 Hugh., p. 378, C. C.]
- III. In any suit brought to enforce such personal liability, such decision of the Comptroller must be averred by the plaintiff, and, if put in issue, must be proved. (*Kennedy v. Gibson, supra*.)
- IV. The liability of shareholders is several, and not joint. (*Ibid.*, p. 505.)
- V. The limit of such liabilities is the par value of the stock held by each one. (*Ibid.*, p. 505.)
- VI. Where the whole amount is sought to be recovered, the proceeding must be at law; where less is required, the proceeding may be in equity, and in such case an interlocutory decree may be taken for contribution, and the case may stand over for the further action of the court, if such action should subsequently prove to be necessary, until the full amount of the liability is exhausted. (*Ibid.*, p. 505.)

LXXII REPORT OF THE COMPTROLLER OF THE CURRENCY.

SHAREHOLDERS, INDIVIDUAL LIABILITY OF—Continued.

But in *Bailey, receiver, &c., vs. First National Bank Duluth, U. S. circuit court for Minnesota, Nelson, J.*, held that even where less than the par value was assessed the suit might be at law; and this would seem to be the true theory. *Vide Bankers' Magazine, April, 1877, p. 793.*

- VII. In such equity suit, all shareholders within the jurisdiction of the court should be made parties defendant; but it is no defense that those not within the jurisdiction are not joined. (*Kennedy vs. Gibson, supra.*)
- VIII. Suits to enforce personal liability of shareholders may properly be brought before other assets are exhausted. (*Ibid., pp. 505-6.*)
- IX. Where, before the failure of a bank, stock was transferred on its books to the name of an irresponsible person, for the purpose of escaping liability, and so stood at the time of the appointment of a receiver: *Held*, That the receiver could show who the real owner was, and that the latter was liable for the assessment. (*Davis, Receiver of Ocean National Bank, vs. Stevens, U. S. Cir. Ct., southern district N. Y., October, 1879. Waite, Chief Justice.*)

SHAREHOLDER, LIABILITY OF TRANSFEREE,

- I. The transferee of shares, when such transfer is absolute on the books of the bank, is liable to creditors to the amount of such shares, although in fact he holds them as collateral security for a loan to the shareholder who transferred them. (*Hale vs. Walker, 31 Iowa, p. 344; Addeley vs. Storm, 6 Hill, p. 624; Van Riker's case, 20 Wend., p. 614; Bowden, receiver, vs. Santos et al., 1 Hugh., p. 158; Marcy vs. Clark, 17 Mass., p. 330.*)

[In the *Bankers' Magazine* for January, 1875, is a notice of the case of *Mann, receiver, vs. Dr. Cheeseman*, decided by Blatchford, J., in the United States circuit court, in New York, in which the judge held that until there was a transfer of shares on the books of the bank the shareholder whose name there appeared was liable for the debts of the bank; that an actual sale and the signing the ordinary power of attorney on the back of the certificate will not relieve the seller.]

To the foregoing rulings of State and other subordinate tribunals may now be added the decision of the Supreme Court United States in *Germania Bank et al. vs. Case, receiver*, already cited. The Germania National Bank of New Orleans discounted a note for the firm of Phelps, McCullough & Co. for \$14,000, at ninety days, taking as part security therefor the pledge of 100 shares of the Crescent City National Bank stock, with power of attorney to the Germania cashier to transfer, sell, &c., on default in payment of the note. Phelps, McCullough & Co. failed, and the note was protested at maturity. Prior to the maturity of the note, the Crescent City Bank sustained such heavy losses that it was notoriously in bad repute in New Orleans; and yet, when the note fell due, the cashier of the Germania immediately transferred to his own bank, upon the books of the Crescent City Bank, the 100 shares so pledged. Afterwards, on the same day, he transferred 76 of these shares to one Waldo, a clerk of the Germania Bank; and on the day following transferred the remainder to said Waldo. It was proved that Waldo paid nothing, was the mere agent of the Germania Bank, which still owned the 100 shares as security for the payment of said note, and that one of the principal reasons for the transfers to Waldo was the possible liability of the shareholders of the Crescent Bank for its debts in case of insolvency. Soon after, the Crescent City Bank failed. *Held, per Strong, J.*, that the transfers to said Waldo were void as against said receiver, and that although the Germania Bank only held said shares as collateral security for the payment of said discount, it was still liable as owner for the assessment in this case ordered by the Comptroller. The opinion is able and fortified by numerous authorities.

[NOTE.—In this same case, at a former term, upon a motion to dismiss the appeals of certain of the appellants, the Supreme Court recognized the right of the Comptroller to make an additional assessment, if deemed necessary; and for this reason sustained the appeals, holding that the matter in dispute was, or might be, over \$5,000, although the decrees appealed from were severally less than that amount. The assessment was for 70 per cent. C. C.]

See also *Pullman vs. Upton, 96 U. S., 6 Otto, p. 323*, as to liability of transferee.

SHAREHOLDER, LIABILITY OF EXECUTOR, ADMINISTRATOR AND HEIRS OF.

- I. Where stockholder died before failure of bank, stock not having transferred to name of administrator:
Held, that the stock is not to be regarded as having been at the time of the failure the property of the administrator, in such a sense as to constitute him a shareholder within the meaning of sec. 5152, U. S. Rev. Stat., so as to limit liability of the estate to funds actually in the hands of administrator.

SHAREHOLDER, LIABILITY OF EXECUTOR OF, &C.—Continued.

Held, also, that the provision of the act exempting executors and administrators and trustees from personal liability was not intended to affect the liability to assessment of estates in process of settlement, but only to prevent a personal liability from running against persons acting in a trust capacity, who had received the stock for the benefit of trust estates. *Davis vs. Weed*, 44 *Conn.*, p. 569.

- II. The liability of a stockholder is in the nature of a *contract*, and as such was a personal liability, for which his estate was holden at his death. (*Davis vs. Weed*, *supra*; citing *Hawthorne vs. Calef*, 2 *Wall.*, p. 22; *Lowry vs. Jamen*, 46 *N. Y.*, p. 119; *Bailey vs. Hollister*, 26 *N. Y.*, p. 112.)

SHAREHOLDER, LIABILITY OF TRUSTEE OF.

- I. To protect trustee of stock from personal liability it must appear upon the books that he held as such trustee. (*Davis vs. Essex Baptist Society*, 44 *Conn.*, p. 582.)
- II. Creditors have a right to know who have pledged their personal liability. (*Ibid.*)
- III. If a trustee wishes to disclose his trusteeship there is no difficulty in giving notice upon the books of the bank. If he does not do so he is guilty of laches, for which others should not suffer. (*Ibid.*)
- IV. The settlement of the affairs of an insolvent bank would be rendered a matter of great labor, expense, and delay, if persons who appeared upon the books of the bank as individual stockholders were permitted to relieve themselves by proof *aliunde* that they held the stock as executors, guardians, or trustees. (*Ibid.*)

[NOTE. This last-cited case, and *Davis vs. Weed*, *supra*, although reported in the Connecticut Reports, were decided by the United States district court.]

SHARES, TAXATION OF.

- I. The act of 1864, rightly construed, subjects the shares of the association in the hands of shareholders to taxation by the States, under certain limitations set forth in section 41, without regard to the fact that part or the whole of the capital of such association is invested in national securities which are declared by law exempt from State taxation. (*Van Allen vs. Assessors*, 3 *Wall.*, 573.) (Chase, C. J., and other judges dissented.)
- II. Act thus construed is constitutional. (*Ibid.*, p. 573.)
- III. A certain statute of New York, which taxed *shares* of national-bank stock, declared void, because *shares* of State banks were not taxed, although their capital was; the act of Congress prescribing that shares of national banks shall be taxed only as *shares* of State banks are. (*Ibid.*, p. 573.)
- The ruling as to taxing shares of stock reaffirmed in *Bradley vs. People*, 4 *Wall.*, 459; *National Bank vs. Commonwealth*, 9 *Wall.*, p. 353.
- In last case, *held* that a State law requiring the cashier to pay the tax was valid. *Held*, also, that a certain State tax law virtually taxed "*shares* of moneyed corporations," &c. (*Ibid.*, p. 353.)
- IV. Shares of stock in national banks are personal property, and though in one sense incorporeal, the law which created them could separate them from the person of their owner, for taxation, and give them a *situs* of their own. (*Tappan, collector, vs. Bank*, 19 *Wall.*, p. 490.)
- V. Sec. 41 did thus separate them and give them a *situs* of their own. (*Ibid.*, p. 490.)
- VI. This provision of the national-currency act became a law of the property (in shares), and every State in which a bank was located acquired jurisdiction, for taxation, of all the shares, whether owned by residents or non-residents, and power to legislate accordingly. (*Ibid.*, p. 490.)
- VII. Under the act of Congress of February 10, 1868, enacting that each State legislature may direct the manner of taxing all shares of stock of national banks located within the State, subject to the restriction that the taxation shall not be greater than the rate assessed upon *other moneyed capital* in the hands of individual citizens of such State, and of a certain act of the legislature of Pennsylvania which provided that such shares shall be assessed for school, municipal, and local purposes at the same rate as is now or may hereafter be assessed and imposed upon other moneyed capital in the hands of individual citizens of the State; *held*, that shares of national-bank stock may be valued for taxation for county, school, municipal, and local purposes, at an amount above their *par value*. (*Hepburn vs. School Directors of the borough of Carlisle*, 23 *Wall.*, p. 480.)

[NOTE.—In this case it appeared that Hepburn owed several thousand dollars of national-bank stock, the *par value* of which was \$100 per share, and that it was valued for taxation, for a school-tax, at \$150 per share. This assessment was held valid, notwithstanding that by a certain act of the State

SHARES, TAXATION OF—Continued.

legislature, applicable to the county of Cumberland, in which the borough of Carlisle was situated, certain specified kinds of moneyed obligations were exempt from taxation except for State purposes.]

VIII. The rate of taxation of shares of a national bank by a State should be the same as, or not greater than, upon the moneyed capital of the individual citizen which is liable to taxation; that is, no greater in proportion, or percentage of tax on the valuation of shares should be levied, than upon other moneyed taxable capital in the hands of the citizen. (*People vs. The Commissioners, &c.*, 4 Wall, p. 256.)

IX. The act of Congress approved June 3, 1864 (R. S., sec. 5219), was not intended to curtail the power of the States on the subject of taxation, or to prohibit the exemption of particular kinds of property, but to protect the corporations formed under its authority from unfriendly discrimination by the States in the exercise of their taxing power. (*Adams vs. Nashville*, 95 U. S., 5 Otto, p. 19.)

See also *Saint Louis National Bank, National Bank of Missouri, Third National Bank, Valley National Bank, and Merchants' National Bank of St. Louis vs. Papin*, in United States circuit court, eastern district of Missouri, September term, 1876. Also, *Gallatin National Bank of New York vs. Commissioners of Taxes*, supreme court of New York, first department, general term, November, 1876. These latter cases are published in the Bankers' Magazine for December, 1876.

SHARES OF STOCK.

I. A national bank whose certificates of stock specify that the shares are transferable on the books of the bank on surrender of the certificates, and not otherwise, and which suffers a shareholder to transfer without such surrender, is liable to a *bona fide* transferee, for value of same stock, who produces such certificate with usual power of attorney to transfer; and this is so though no notice had been given to the bank of the transfer. (*Bank vs. Lanier*, 11 Wall., p. 369.)

II. Shares *quasi negotiable*. (*Ibid.*, p. 369.)

SURPLUS FUND.

I. Where the shares of a national bank are assessed for taxation at their par value, the surplus fund of such bank in excess of the amount required by law to be kept on hand is taxable. (*First Nat. Bank vs. Peterborough*, 56 N. H., p. 38.) But when such shares are assessed at their market value, and the amount of such surplus is taken into account in estimating such market value, it is not taxable. (*State vs. City of Newark*, 10 Vroom, N. J., p. 380.)

II. Neither a dividend which has been declared, nor a portion of capital of a national bank remaining after a reduction has been made, can be retained by the directors to constitute a surplus fund. (*Seely vs. N. Y. Nat. Exchange Bank*, 4 Abb., N. Y. cases, p. 61.)

TAXATION BY LICENSE.

I. The District of Columbia imposed a *license tax* on all the national banks in the District, the rate being 50 cents annually on each \$1,000 of the capital invested. The *Citizens' National Bank* refused to pay this assessment, and a test case was made in the District criminal court, Mr. Justice MacArthur presiding. This court, after full argument, held the tax illegal and void, as being contrary to the mode of taxation prescribed by Congress, which mode was held to be exclusive.

TAXATION OF INTEREST AND DIVIDENDS.

I. Under the internal-revenue act of July, 1870, interest paid and dividends declared during the last five months of 1870 are taxable, as well as those declared during the year 1871. (*Blake vs. National Banks*, 23 Wall., p. 307.)

TRANSFERS OF ASSETS.

I. A preference of one creditor to another, within the meaning of section 5242, Revised Statutes, is a preference given by the bank to secure or pay a pre-existing debt. Where a person, knowing that a national bank is embarrassed, makes to it a loan, taking as security therefor a pledge of part of the assets of the bank, this transfer does not give him the preference prohibited by the statute. (*Casey vs. Le Société de Crédit Mobilier*, 2 Woods, p. 77.)

II. *When not binding*. Under said section 5242, which declares void transfers of its property by a national bank, made in contemplation of insolvency, and with a view to give a preference to one creditor over another, or with a view to prevent the application of the assets of the bank in the manner prescribed by law, such a transfer is void if the insolvency is in the contemplation of the

TRANSFER OF ASSETS—Continued.

bank making the transfer, although the party to whom it is made does not know or contemplate the insolvency of the bank. (*Case, receiver, vs. Citizens' Bank, 2 Woods, p. 23.*)

As to when a *pledge* of assets, even when intended as security for a loan to a national bank, will be held invalid, as against general creditors, see the cases of *Casey, receiver, vs. Le Sociétié de Crédit Mobilier; Same, vs. National Park Bank; and Same vs. Schuchardt, 96 U. S., 6 Otto, pp. 467, 492, 494.*

ULTRA VIRES.

I. WHAT IS.—National banks cannot sell railroad bonds for third parties on commission, or engage in business of that character. (*Susan Welcker vs. First National Bank of Hagerstown, Court of Appeals of Maryland, 43 Md., p. 581.*)

II. In an action of deceit against a national bank, for alleged false representations of its teller in the sale to plaintiff of certain railroad bonds:

Held, That the selling of such bonds on commission was not within the authorized business of a national bank, and being thus beyond the scope of its corporate powers, the defense of *ultra vires* was open to it, and it was not responsible for the deceit of its teller. (*Ibid.*)

IV. WHAT IS NOT.—A national bank took a lien upon real estate to secure a pre-existing debt. Afterward, the bank paid \$500 to discharge a prior lien upon the land, taking a note and mortgage on land in Kansas to secure this advance. Lien and mortgage held valid and warranted by law. (*Orum vs. National Bank, 16 Kans., p. 341.*)

V. A *chattel mortgage* taken by a national bank to secure a pre-existing debt is valid, and will be enforced. (*Spofford vs. First National Bank, 37 Iowa, p. 181.*)

VI. A national bank has corporate power to enter into an agreement with a customer to exchange for him non-registered for registered United States bonds; and it is bound by an agreement to that effect, made for a sufficient consideration by its cashier. (*Yerkes vs. Nat. Bank, 69 N. Y., p. 382.*)

(See also Title "DEPOSITS, SPECIAL," *ante*.)

USURY.

I. State laws relative to usury do not apply to national banks. (*Farmers and Mechanics' National Bank vs. Dearing, 1 Otto, p. 29.*)

II. The only forfeiture declared by the 30th section of the act of June 3, 1864 (Revised Statutes, section 5198), is of the *entire interest* which the note or bill carries with it, or which has been agreed to be paid thereon, when the rate knowingly received, reserved, or charged by a national bank is in excess of that allowed by that section; and no loss of the entire debt is incurred by such bank, as a penalty or otherwise, by reason of the provision of the usury law of a State. (*Ibid.*)

To same effect are *National Exchange Bank vs. Moore 2 Bond, p. 170*, and several State decisions.

(The *New York court of appeals* had decided the other way.)
